U.N. Votes 43-11 Against Seating Red China

Harriman Defeats Roosevelt For Nomination

Wild, Shouting
Processions
Precede Voting

BULLETIN
NEW YORK, Sept. 22 (Wed-
nesday) (AP) — Averell Harri-
man won the Democratic nomi-
nation for governor early to-
day after a heated state con-
vention battle with Rep.
Franklin D. Roosevelt Jr.

NEW YORK, Sept. 21 (AP) —
Wild demonstrations erupted
at the Democratic state con-
vention tonight when the names
of Rep. Franklin D. Roosevelt
Jr. and Averell Harriman were
placed in nomination for governor.

The name of the late presi-
dent's son placed before the
convention first, started a
shouting, stomping procession
that lasted 55 minutes.

Harriman's demonstration was
every bit as noisy.

Harriman, 62, New Deal diplo-
mat, went into the convention
the heavy favorite with the backing
of the state's most influential Demo-
cratic leaders.

Delegates backing Roosevelt, 40,
shouted and cheered in the hope
their enthusiasm would "set fire"
to delegates on the fence or com-
mitted to Harriman.

Roosevelt's name was placed in
nomination by Assemblyman James
J. McGuinness of Albany.

Demanding an "open" con-
vention, McGuinness shouted:
"If it's open, I say to you, if
the whip is to be taken off your
backs, take it off now—take it off
now."

"We want to win, we want to
win," he shouted. "I want a fight-
er, I've got a fighter—that great
man, that fighter for his country.
I give you Franklin D. Roosevelt."

At the mention of Roosevelt's
name, his supporters started an
uproarious parade through the
aisles, jumping up and down and
singing "Win With Roosevelt" har-
nery.

Harriman supporters stood by
smiling at the demonstration.

The Roosevelt jubilee contin-
ued for 55 minutes, pushing back
the likelihood of balloting until af-
ter 1 a.m.

Atomic Power Plant Urged For Japan

ATLANTIC CITY, N. J., Sept. 21
(AP)—Thomas E. Murray, a mem-
ber of the Atomic Energy Com-
mission, called today for the govern-
ment to step up its use of the atom
for peace and start by building
a power plant in Japan, first vic-
tim of the atom age.

The federal government, he told
the CIO United Steelworkers' con-
vention, should develop practical
electric power from the atom and
help power hungry areas of the
world.

The hydrogen bomb has given
man the "dreadsome power of the
world destruction," he said. But
it can also give him the richest
of "material blessings."

By locating an atom power plant
on Japan, "the only land engulfed
in the white flame of the atom,"
Murray said the United States
"would demonstrate to a grim
skeptical and divided world that
our interest in nuclear energy is
not confined to weapons."

He noted that our government
now is helping Belgium to build
a nuclear power reactor, and said
that should be only a start toward
building reactors in other foreign
lands.

Woman Drives Off With Small Baby

PITTSBURGH, Sept. 21 (AP) — A
woman drove away with the seven-
week-old baby of a chance ac-
quaintance today and later ex-
plained to police that she must
have "blacked out."

The baby, a son of Mrs. Jac-
queline Scott, 18, was found by po-
lice in the home of Mrs. Jane Ed-
wards, 36, wife of a state liquor
store clerk, several hours after
Mrs. Scott reported the child's dis-
appearance.

Mrs. Scott said the woman who
took the child was known to her
only as "Betty." The mother said
she had met the woman at the
maternity clinic in McGee Hospi-
tal earlier today and that the
woman had offered to drive her
and the baby home.

'Tornado' Alert Sounds; Winds Up To 50 MPH Lash Allentown, Then Head East

AUTHORITIES IN this area were alerted last night to a possible
severe windstorm with winds of "tornado velocity"—but the storm by-
passed the region at the last minute.

Allentown weather bureau issued the alert at 8:30. Police stations,
firemen, Civil Defense headquarters and the local Red Cross were
notified.

Korean Aid, Coal Exports Announced

DENVER, Sept. 21 (AP)—Plans
to bolster South Korea with an
additional 100 million dollars in aid
by summer and to ship American
coal to nations where the supply
is short were announced today at
the summer White House.

The decisions by President El-
senhower were disclosed by Harold
E. Stassen, chief of the Foreign
Operations Administration, after a
conference with the chief execu-
tive.

Stassen reported that other to-
pics were covered during the talk
in Eisenhower's office at Lowry
Air Force Base, but he limited his
announcement to the two items.

The Korean program, Stassen
said at a news conference, is de-
signed to "increase the rate of re-
building in Korea and to check
inflationary pressures" as well as
to make it possible for the nation
to maintain a 20-division army, de-
velop a "good" reserve force and
begin training pilots for jet planes.

The coal program, Stassen said,
will mean purchase of about 10
million tons in American coal start-
ing "promptly." It will provide
supplies for the nations receiving
it, the administrator declared, and
is intended to help relieve the eco-
nomic situation in United States
areas "which have the largest un-
employment."

He estimated two million tons of
coal will be purchased in Kentucky,
two million in West Virginia, two
million in Pennsylvania, 1½ mil-
lion in Illinois and 2½ millions
elsewhere.

Refugees Demand Their Return To North Viet Nam

SAIGON, Indochina, Sept. 21 (AP)—
Five hundred refugees from the
North fought police here today in
a demonstration that deepened Viet
Nam's government - army crisis.

Two men were killed and several
wounded as the police fired to dis-
perse refugees.

The aims of the demonstration
were interpreted variously.

The French News Agency said
the refugees were demanding for
some reason that they be returned
to North Viet Nam, soon to fall
completely under Communist rule.

Promotion of such a demand would
help Red agitators presumably
assigned secretly to refugee groups
to foment trouble.

But Gen. Nguyen Van Hinh, the
chief of staff who is still refusing
Premier Ngo Dinh Diem's order
to take a "special leave" in France
that the army interprets as exile,
said the refugee group demon-
strated in favor of Diem against
the army. He charged the government
promoted the clash, arming the
refugees with clubs and bottles to
attack the police.

The French government, he said,
should develop practical electric
power from the atom and help
power hungry areas of the world.

The hydrogen bomb has given
man the "dreadsome power of the
world destruction," he said. But
it can also give him the richest
of "material blessings."

By locating an atom power plant
on Japan, "the only land engulfed
in the white flame of the atom,"
Murray said the United States
"would demonstrate to a grim
skeptical and divided world that
our interest in nuclear energy is
not confined to weapons."

He noted that our government
now is helping Belgium to build
a nuclear power reactor, and said
that should be only a start toward
building reactors in other foreign
lands.

Woman Drives Off With Small Baby

PITTSBURGH, Sept. 21 (AP) — A

and the baby home.

THE ARM OF INDUSTRY extended a helping hand yesterday to the Red Cross Bloodmobile and 183 pints of blood were collected. Walter Bentsley, East Stroudsburg is shown here donating a pint of blood as Dr. Mary T. Hunsicker, left, new resident of Stroudsburg and Angela Parrella, Wilkes-Barre, registered nurse, cheer him on with a few hearty comments. (Staff Photo by Randolph)

Industry Workers Donate 183 Pints To Blood Center

INDUSTRY CAME through yesterday with 183 pints of blood for
the American Red Cross blood center at Wilkes-Barre.

The visiting bloodmobile had 201 donors who had been recruited
in an unpublicized drive conducted by volunteer committees of work-
men in each industrial operation.

Bloodmobile staff and local Red
Cross workers received the donors
at the Elks Club in East Strouds-
burg from 10 a.m. to 4 p.m. yester-
day.

Industries and their contributions
in pints yesterday were:
Ronsen, 60; Line Material, 37;
Worthington Mower, 23; Marsh's
Foundry, 11; Patterson-Kelley, six;
Hughes Printing, two; Tru-Matic,
eight; Kol-Ax and Bell Telephone,
one each; Monroe Co-Operative,
Dairy and The Dairy Record, three
each; Twin City Body Shop, two;
Firestone Store, Ace Supply,
Ehrlich's Market, one each. The
remainder were from miscellaneous
sources.

Elsewhere in the South the seg-
regation situation continued calm,
with no incidents reported.

At Milford, Dr. Raymond C.
Cobbs, school superintendent, or-
dered the schools closed after re-
porting telephoned threats of vi-
olence if Negroes were allowed to
attend classes in the previously
all-white high school.

Delaware Gov. J. Caleb Boggs
declined comment. A scheduled
parade featuring the Milford high
school band was canceled.

School doors were shut yester-
day after the school board learned
of a protest march planned by
anti-integrationists. Plans to re-
open them were abandoned shortly
after 8 a.m. yesterday.

Dr. Cobbs said in a statement:
"Members of the Board of Edu-
cation since making an earlier
announcement have received nu-
merous calls threatening violence
in case any negro children attend
school. In the interest of the safety
of all the children the board
hereby serves notice that the
schools are closed until further
notice."

Five policemen guarded the
school and tension was reported
mounting in the southeastern Dela-
ware community.

Two Arrested
In Girl's Death
ROME, Sept. 21 (AP)—Piero Pic-
cioni, jazz piano playing son of
former Foreign Minister Attilio
Piccioni, and self-styled Marquis
Ugo Montagna were arrested to-
night in connection with the mys-
tery death of party girl Wilma
Montesi.

The chief of Italy's police, Gio-
vanni Caracaterra, announced the
arrests.

Piccioni, 32, is charged with ag-
gravated manslaughter and Mon-
tagna is accused of aiding and
abetting, the chief said.

Britain expressed belief, how-
ever, that some of the more than
2,000 South Koreans not accounted
for are held in North Korea.

The U. N. Command scored prob-
ably its greatest triumph over
Communist propaganda when
22,000 former Communist soldiers
refused to rejoin the Reds. They
were freed to South Korea and
Nationalist China.

A major shortcoming of the
truce Allied officers repeatedly
mentioned is an illegal buildup of
Red military strength, especially
in the air. The Communists have
resisted all allied demands for in-
spection.

Russian Demands Shelved For Year At Behest Of U. S.

UNITED NATIONS, N. Y., Sept. 21 (AP) — The U. N.
Assembly as its first business today and shelved for 1954
any action on the tension-ridden question of seating Red
China.

The vote was 43-11. It was the third straight year the
Assembly had taken such action.

Today's vote was virtually the same as that last year,
when a similar proposal was approved 44-10. Denmark
switched from the affirmative to the negative to account for
the single additional vote cast against the proposal.

The vote two years ago was 42-7.

Britain and France joined the
United States in urging postpone-
ment of action, even though Brit-
ain has recognized the Red Chi-
nese government. The British told
the Assembly this was not the
time to consider the question.

The roll call was on a proposal
by Henry Cabot Lodge Jr., Ameri-
can delegate, to put off the issue
for this year. The Assembly con-
vened today is expected to adjourn
in December.

The nations voting against the
Lodge resolution were Burma,
White Russia, Czechoslovakia,
Denmark, India, Norway, Poland,
Sweden, Soviet Union, Soviet Union
and Yugoslavia. Abstaining
were Afghanistan, Egypt, Indone-
sia, Saudi Arabia, Syria and Yemen.

After this decision the Assem-
bly elected Eelco N. van Kleffens,
former foreign minister of the
Netherlands, as president for this
year. He received 45 votes. Prince
Wan Waihaiyang, foreign minister
of Thailand, had withdrawn from
the contest but got 3 votes. Twelve
countries abstained.

The Assembly will complete its
organization tomorrow with the
election of seven vice presidents
and seven committee chairmen,
who will serve as its steering body.

Rep. Bonin (R-Pa.) had request-
ed an investigation into such
charges. He said he had received
complaints of payment for jobs
hiring unqualified personnel, hiring
out-of-turn from civil service reg-
isters, and non-competitive hiring
in violation of the stated policy of
filling positions on the competitive
basis.

Asked for comment today an
Army spokesman said the Signal
Corps staff has not been advised
of the specific charges. "As far as
we know," he added, "there is no
foundation for any charges."

The Army, he said, received a
number of complaints about em-
ployment practices at Tobyhanna
about a year ago and sent an in-
spector general there to investi-
gate.

"Until we know what the new
charges are, we are not in a po-
sition to say anything about them,"
he added.

Col. Alfred A. Anderson, who
took over command of the Toby-
hanna installation when the Bal-
timore, Md., Depot was closed and
Col. William M. Mack was trans-
ferred to Washington, said yester-
day that Bonin's statements were
"unfounded."

Members of the Board of Edu-
cation since making an earlier
announcement have received nu-
merous calls threatening violence
in case any negro children attend
school. In the interest of the safety
of all the children the board
hereby serves notice that the
schools are closed until further
notice."

Five policemen guarded the
school and tension was reported
mounting in the southeastern Dela-
ware community.

State Offers Job Service To Handicapped

EMPLOYERS and handicapped workers were urged last night by State Secretary of Labor and Industry David M. Walker to make fuller use of the Pennsylvania State Employment Service in its program for employment of handicapped.

In an interview on the eve of National Employ the Physically Handicapped Week, Oct. 3-9, Secretary Walker, who is also chairman of the Governor's Committee on Employment of the Handicapped, said that both employers and handicapped workers would benefit from the special services to handicapped workers available through the Employment Service, a branch of the Bureau of Employment Security.

Secretary Walker pointed out that there are more than 100 local Employment Service offices located throughout the State. All these offices are prepared to give expert help to employers and handicapped workers with their employment problems.

Special services are available to handicapped workers aimed at equal opportunity for employment and equal pay in competition with other job applicants.

Secretary Walker said that the Employment Service in helping handicapped workers matches what they can do physically with specific jobs which they are able to do. In some cases of severe handicaps Employment Service workers will solicit work for the handicapped job seekers. Secretary Walker added.

Other valuable services offered the handicapped by the Employment Service include counseling and aptitude testing. When a worker has some special problem which the Employment Service is not equipped to handle, a referral is made to another agency which is best able to handle the problem, according to Secretary Walker.

The State official assured employers that when they employed handicapped workers through the Employment Service they were getting workers whose qualifications and physical abilities were carefully matched with the requirements of the job. He added that in 1953 there were 9,297 placements of handicapped workers by the Employment Service in jobs not connected with agriculture. To make sure that the placement is satisfactory to both worker and employer, the Employment Service makes a follow-up check after the placement.

In advocating the employment of handicapped workers, the local Employment Service office works closely with the Pocono Mountains Committee on Employment of the

FOUNDER'S CUP of the National Sigma Zeta science society was awarded this year to Tau chapter at State Teachers College. Officers of the group are shown gathered around the cup in photo above. Front are Kay Jones, Wilkes-Barre, secretary and Pauline Bakalo, Bronx, N. Y., president. Rear, left to right, are Dr. W. Grady Moore, adviser; John Jacobs, Douglassville, treasurer; Georgia Russopolos, Stroudsburg; Frank Kresock, Simpson, vice president and Ted Shanowski, past president.

College Society Wins Award For Outstanding Achievement

TAU CHAPTER of Sigma Zeta, national honorary science society at State Teachers College has won that organization's "founder's cup" for outstanding work in the field.

The cup is a coveted award which is given for one year to a chapter showing great achievement and high scholastic standing, according to Dr. W. G. Moore, chapter sponsor.

It is the first time any chapter in the eastern part of the U. S. has been honored with the national award. The Tau chapter competed against chapters from all over the U. S. in the national science convocation held by the society recently in Macomb, Ill.

William Tregaskis was the local representative at the national conference. Tregaskis presented a paper titled "The Ecology of the Delaware Water Gap Area."

Tau chapter is one of the newer members of the national society. It received its charter in 1947 under supervision of Dr. Moore, who has remained adviser to the group since that time.

As one of its major projects last year the chapter established a Sigma Zeta clinic designed to assist students having difficulty in science courses and to encourage a broader knowledge of scientific fields.

The founder's cup awarded to handicapped. Chairman of the local committee is Elmer D. Christine, judge advocate general of the VFW.

Two Couples Seek Licenses

TWO APPLICATIONS for license to marry were on file yesterday at the office of county Prothonotary James Gould.

Applying for licenses were Ronald Edgar Whitman and Justine Mildred Newhart, both of East Stroudsburg; Ronald Lawton Clapper, Shawnee, and Ann Marie Holdorf, Stroudsburg.

the group will be placed in the college library for the current school year. It will be returned to the national organization at the 1955 convocation.

Present officers of the chapter are Pauline Bakalo, president; Frank Kresock, vice president; Kay Jones, secretary; John Jacobs, treasurer. Immediate past president is Ted Shanowski.

Barrett YMCA Adopts Rules For Building

A NUMBER OF rules governing use of the Barrett Branch YMCA received approval of the Board of Directors at a recent meeting.

It was decided that "all civic, welfare, health and religious clubs or groups of the community may schedule usage of the YMCA at no cost as long as it does not interfere with youth programming."

Also, it was felt that use of the building for large dinners or money-raising affairs would require a fee.

Carlton C. Chopp, executive, announced that attendance at the Branch Y had topped the 400 mark since the opening of the building on Aug. 8. Both boys and girls have participated in the activities. Eight softball games, four football games, and nine swimming sessions were also conducted.

The Kohanso Indian Dance group held the first "Y" dinner at the branch Sept. 14. Later a "council" was called and officers were elected to serve for the coming year. They are: Frank Doll, medicine man; James Hardy, keeper of the paints; Tom Bridge, keeper of the wampum.

Last Saturday 17 boys took a wet hike into the near-by hills. They hiked to "Rattlesnake Falls," ate dinner and played games. Phil Shaller, Y supervisor, was in charge of the hike.

The famous marine insurance firm, Lloyd's of London, started in a coffee house operated by Edward Lloyd.

Civil Defense Directors At Hazleton

LOCAL CIVIL Defense directors are attending a one-day conference of transportation directors and specialists of the Eastern Area in Hazleton today.

This conference is termed most important, as the facts of "emergency" transportation at national, state and local levels will be discussed by executives of the Interstate Commerce Commission, U. S. Army, Federal Civil Defense, Pennsylvania State Council of Civil Defense and executives of the transportation industry.

The general conference today was preceded by a dinner of all of the Eastern Area county directors of civil defense held last night at the Hotel Altamont. Paul M. Crown executive director of Monroe County Civil Defense, and John R. Lesoine, transportation coordinator for this county, headed the local delegation.

Dr. E. O. Headrick of Mt. Pocono, will be out of town from Sept. 19 until Sept. 27.

Henryville

Mrs. Paul Barry
Phone 1424-R-4

THE SCHEDULE for services in Pocono Union Church for Sunday, Sept. 28 only, is as follows: Sunday School at 10 a. m.; worship at 2:30 p. m.; and worship again at 7 p. m. There will be no 11 a. m. service that day, due to the special Home Coming Services.

Mrs. Lettie Wood and Mrs. C. H. MacDonald have closed the Pocono Country Lodge after a successful season.

Mrs. Carrie Detrick is making an indefinite stay at the home of her son-in-law and daughter, Mr. and Mrs. Steward Bush.

Mr. and Mrs. J. E. Wood and family spent the weekend with their son-in-law and daughter, Mr. and Mrs. Herbert Westphalen, Jr., of Massapequa, Long Island. They later spent some time motoring.

How to show your rear wheels to the world

It's as simple as this: Just slide behind the wheel of a new Lincoln or Lincoln Capri. Then press the accelerator of the fine car that shows you what other cars may be able to do—someday.

You notice a new feeling of power—power that has new meaning. You surge ahead when you must. You ease along in congested traffic—effortlessly. You discover automotive performance you never dreamed existed. For you are driving the car with the engine which many experts agree is the finest on the road. It's the Lincoln V-8, upon which has been lavished all the engineering imagination, experience, and skill of the world's foremost builders of V-8 engines.

If you want to show your rear wheels to the world in the car that outperforms them all—come in and see us. Ask us for the keys to a new Lincoln or Lincoln Capri.

P.S.—for the engineering-minded: ENGINE: Lincoln's V-8, 205-hp engine has new 4-barrel carburetor, rear barrels vacuum controlled. Automatic spark control for smoother, livelier response. Gives you economy in all ranges; instant power when you need it, with no time-lag. SUSPENSION: new ball-joint front wheel suspension, found only in Lincoln in the fine car field, means better handling, takes "side-sway" out of even tight corners. BRAKES: with 220 square inches of braking area—largest in the industry—for safe, sure stops.

Waring Heads Pennsylvania Cancer Drive

HARRISBURG, Sept. 21 — Fred Waring, famous band and choral leader, and one of the Commonwealth's best-known native sons, will head the 1955 Cancer Crusade of the Pennsylvania Division of the American Cancer Society.

His appointment as state chairman of the combined educational and fund-raising drive to be held

Fred M. Waring

next April during "Cancer Control Month" was announced last night by Dr. Dudley P. Walker, president of the Pennsylvania Division, ACS. "I have taken this post with a deep personal conviction that we can conquer cancer through a co-operative effort on the part of everyone," Mr. Waring said. "The fact that cancer kills nearly 50 people every day of the year in Pennsylvania is a sobering challenge, but I believe with the experts that we can beat it through the American Cancer Society's three-way program of research, education and service."

Frederic Malcolm Waring, who now makes his home at Shawnee-on-Deleware, was born at Tyrone. While the public connects Fred Waring chiefly with showmanship in the field of entertainment, he is interested in many other businesses as head of Fred Waring Enterprises, Inc. These include the Fred Waring Choral Workshop, operation of the Shawnee Inn and Country Club, and a music publishing firm.

Of the many Waring enterprises, his favorite is the Music Workshop at Delaware Water Gap. Each summer, some 700 choral directors visit his Workshop three miles from Mr. Waring's Shawnee home, to study with him and his staff the Waring techniques of choral music and its direction.

Stock Average Hits New High

NEW YORK, Sept. 21 (AP) — With a final rush forward, the stock market today entered new high ground for the year.

The closing level of average price again scored a new 25-year peak, a more or less regular performance during the past few months.

There was no particular news to account for bullishness of the market. Almost all major divisions joined in the rise which was accompanied by expanded volume.

The Associated Press average of 60 stocks advanced 90 cents at \$135.20. The average hit a new 25-year high on Friday with a gain of 80 cents. It was down 80 cents yesterday. Today's advance put the average up 10 cents above the previous high at the best levels since Oct. 22, 1929.

"...Not Antagonistic"

"The Central Labor Union is not antagonistic toward the Community Chest as a whole."

That statement by John Farley, president of the Central Labor Union and one of the conferees representing C. L. U. in a meeting with a special Community Chest Committee Monday night, bears out our belief that labor here is not without realization of its responsibilities to the need of supporting agencies which are members of the Chest.

That statement also bears out the stand already taken by George Meany, president of AF of L, with which C. L. U. is affiliated, that all Central Labor Unions and AF of L unions support Chest or United Fund activities.

True, the Central Labor Union made no change in its position regarding the YMCA and labor's attitude toward the dispute now involving the plumbers' union.

However, the labor representatives, according to Mr. Farley's statement after the

conference, will meet next Monday to formulate a presentation for a Central Labor Union meeting Oct. 3 with the "belief", according to Farley, that a solution may be forthcoming.

The solution required in this instance is that the Central Labor Union resolve its sweeping decision to "abstain" from supporting the 1951 Community Chest Campaign, at least insofar as 11 of the Chest agencies are concerned.

We say again that labor here has over the years demonstrated a basically fair and wholly intelligent attitude in negotiation, rather than resorting to stronger measures to settle controversies.

The people of this community have come to take that attitude almost for granted.

We are as hopeful as Chest directors are that "a workable solution" to this controversy will be promptly reached, and we have confidence that labor will continue its long established pattern of fair, intelligent negotiation to that end.

Tougher for Communists

Attorney General Brownell and FBI Chief Hoover say a stepped-up campaign against Communists is under way. The new laws passed at the recent session of Congress will be fully used, they indicate.

The object, Mr. Brownell said, is to "utterly destroy" the Communist apparatus in the United States.

Anything short of that would be less than satisfactory. The sole aim of the Communist underground is to "utterly destroy" the United States. Such an internal threat can be met only by the most complete counteraction.

It is the Government's business to know every Communist agent, where he is and what he is doing. Any measures which do

not put Communists out of business are inadequate measures.

In this connection, we note Mr. Hoover's report that the Communists have adopted "vigorous" security measures of their own—meaning they are screening their operatives and dupes with extreme care, weeding out the unreliable and the inefficient.

That's a comforting development. It didn't use to be so. The Communists could afford to be brazen and even conspicuous. They even could get away with infiltrating high places in the Government. We now have an Administration which will deal with this conspiracy in a manner commensurate with the danger it poses to the national safety.

George Sokolsky Says...

Men And Women Who Labor To Improve - Lot Of Man Cannot Be Called Commies

The editor of the Waterbury, Connecticut, Republican, raised a most interesting question. He is dealing with investigations of persons and he says:

"A perfectly deadly syllogism is abroad in this country today. It runs something like this: The Communists profess to be for a better break all around for the economically and socially depressed; here's a fellow who feels that fine as our American system is, it will bear economic and social improvement; therefore he is a Communist or, at the very least, he will bear watching."

Men have labored to improve social and economic conditions in the capitalist world. Charles Dickens, William Morris, Henry George, Jacob Riis, Jane Addams, Samuels Gompers, to pick a few names, without being regarded as Communists. In fact, Henry George and Samuel Gompers labored valiantly against Marxism. Social and economic conditions in the capitalist world have been improving since the dark days of the early 19th Century often called the Industrial Revolution. And they will continue to be improved, just as the 56-hour week gave way to the 40-hour week; just as women and children have been protected in labor.

The quarrel is never over the need for elevating the proletariat to the living conditions of the middle class of the 19th Century, and even better, because of tech-

nologic developments. It is over the method of change, whether it is to be by a rising standard of living through an evolutionary process, tested against existing social and economic conditions, or by the clash of revolution.

Marxism is more than a method for improving the conditions of mankind. Were it only that, it would be little different than the reformist movements such as, for instance, the Bull Moose of Theodore Roosevelt. It is a philosophy of total change, not only of the environment but of the nature of man. It involves a revolutionary alteration of man's thinking, including a rejection of what the Marxists call "mystical superstitions," namely, God and every expression of religion.

Therefore, many men and women who labor to improve the lot of man, even in this generation, cannot be called Communists because they are anti-Marxist. Nobody would regard Bishop Fulton Sheen as a Communist. The issue is the relationship of a man's thinking to God and his conduct to the Natural Law, which every Marxist must reject.

On the question of who bears watching, it has been my experience that nobody is investigated who has not of his own accord put himself into a position that requires some explanation. Often the investigation can save a man from difficulties. For instance, rumors about Dr. Ralph Bunche have been continuous for several years; the investigation saved Dr. Bunche from destruction by rumor, for which Dr. Bunche was in a measure himself responsible. True, some people like to believe wrong of a man but when Dr.

Bunche was recently promoted by the United Nations, not a voice was raised against him.

The FBI is required to investigate applicants for employment or promotion by the United States Government. It either makes a name check which is generally a reference to its own files or it makes a field check which is thorough and takes a long time. In more than one instance, I am sure that favorable testimony helped the person get the job. Why should we all assume that all testimony is unfavorable?

Practically every member of our government is investigated sooner or later. Yet more than 2,300,000 men and women do hold positions in the Federal Government despite all the excitement about Communists in government. There are undoubtedly some Communists in our government; there are not as many as there used to be. The significance of one Communist in a critical area is literally an agent of a foreign power. He is a security risk. But most employees of our government, all of whom are investigated, are not security risks. They are just Americans.

The man who has not put himself in a bad spot need not fear investigation. But even the man who put himself in a bad spot can always clear his record if he has a mind to. Or if he does not care, he need not seek employment that requires a security investigation.

The Galveston, Tex., flood was caused by a hurricane that piled up enormous waves that inundated the city.

Letters To The Editor

The Daily Record welcomes Letters to the Editor. The subjects discussed and the opinions expressed are strictly those of the writer and not necessarily the opinions of this newspaper. All letters to the Editor must be signed with a bona fide address given. Such signatures and addresses will be withheld if the writer desires.

Sciota, Pa., Sept. 18, 1954
Dear Mr. Heller:

The publication of your "Get Acquainted Edition" was a good gesture of your paper.

Many Lodges and Organizations were mentioned, as well as our Industries of Monroe County.

We still have two (2) Granges in our County, and I believe their activity as published in your paper seems more progressive than many other organizations mentioned in your edition. Do you forget it is the farmer which feeds the population, that the industrial workers may produce their skill of art. So why should the farmer always take the back seat.

I also belong to other organizations, but my view was to explain that the "Grange and the Farmers" should not be overlooked.

Respectfully yours,
RICHARD G. SEIDOLF,
Sciota, Pa.

RETURN TO THE TWO PANTS SUIT

Looking At Life

—by Erich Brandeis

Atomic Energy Now Used In Advertising Fields

It just had to happen. It was too good an opportunity to overlook. Advertising people just don't let such opportunities get by without using them.

About a year ago, when chlorophyll was still the ever present ingredient and no advertiser would have dreamed of selling a toothpaste, a cosmetic, a soap or what-have-you without liberally greening it with chlorophyll, I said to my wife, "How much do you want to bet that before long they will use atomic energy in advertising?"

As usual, the wife didn't pay much attention to what I said (she was reading the comics), but I want to put myself on record as having predicted the arrival of the atomic advertising age long before it came.

Sure enough, the other night I turned on my television set and there was a very elaborate Geiger Counter outfit with all sorts of graphs and charts and very audible clicking of the little instrument that is supposed to indicate the presence of atomic power.

First, the announcer made a complicated scientific speech about the new atomic tests now being applied by the best research institutes. Then, without any apparent reason, a lovely young lady appeared on the screen (practically no commercial has any authenticity without a very lovely young lady appearing on the screen), and told us how this elaborate Geiger Counter test proved beyond the shadow of a doubt that this particular washday detergent washes clothes whiter than blue or bluer than white or something like that.

I really didn't pay too much attention to what the man and the lovely young lady advertised. I was too much impressed with the fact that the atomic age in advertising had finally arrived.

You may think that when it comes to selling they just try to palm something off on you. Not so at all. I just received a press release which tells me that all prospective customers are psychological problems.

Nobody can sell you ANYTHING until you have first been put into the right psychological mood. And there is also an article in "Men's Wear," an important trade magazine, entitled "Psyche Belongs in Selling." It's by Ray Austrian, president of a sizeable men's wear firm.

"The effective salesman," he writes, "always understands that the act of buying is fraught with psychological pitfalls for his customer and that he, the salesman, is regarded as one of the most dangerous of these. Sales are shaped out of raw unformed materials—non-directed desires, vague needs for approval, for love of attention."

Frankly, I don't quite understand all that the author may mean, but please, the next time a salesman talks to you, treat him kindly—he may be a dangerous psychological pitfall.

And now just another item. Maybe the word "pitfall" brought it to my mind.

In San Pedro, California, Ralph Rodriguez bailed out, but forgot an important item of equipment—his parachute.

Ralph is only nine, but he wanted to explain the technique of parachuting to his 10-year-old girl friend.

To illustrate, he simply leaped from her second-story back porch to what he thought was the ground.

However, it turned out to be a picket fence. The doctor had to take 15 stitches in the section of Ralph's anatomy usually covered by the seat of his pants.

If I were in a punning mood, I would call that a psychological pitfall.

Try and Stop Me

—by Bennet Cerf

General Israel Putnam, prominent at the Battle of Bunker Hill, was one example of history's brass who, according to Constance Rourke, had a well-developed acute sense of humor. Engaged in a tavern brawl one night with a British officer over which one had the cooler nerves, "Put" proposed,

"See here, General, I've got in the back room two powder kegs. I've bored a hole and inserted a slow fuse in each. I'll light those fuses, and let's you and me sit on those kegs. The fellow who sits longest has the best nerves."

The Redcoat officer didn't like it, but—put on a spot—had to agree. He was the first to leave the spot, too, getting out in haste as his fuse burned to within an inch of the keg.

"O! Put" just sat there puffing calmly on his pipe... That may have been because he knew both kegs were full of onions.

Jack E. Leonard, commodious comedian, gave a performance at a night club whose guests, he felt, were insufficiently enthusiastic. His exit line was, "Thank you, folks. You've certainly been a grand bunch of seats."

—By E. Simms Campbell

CUTIES

"She instinctively wears the right thing for her personality—an utterly simple dress."

Michigan Campaign Is Receiving Top Attention

Robert S. Allen is on vacation. During his absence, his column today is written by a leading Michigan publisher of the scorching battle raging in that state over the crucially important congressional seat held by Republican Senator Homer Ferguson, chairman of the GOP Policy Committee and a ranking member of the powerful Senate Appropriations and Foreign Relations Committees.

By J. M. MOSES
Publisher, Marshall Evening Chronicle

Marshall, Mich., Sept. 22 — The political campaign in Michigan is receiving special attention from the Eisenhower Administration.

This is chiefly due to the fact that the state is one of the hardest hit by the economic reverses which developed in the second year of the Eisenhower regime. Heavy unemployment in the ranks of the automobile workers and the allied industries, plus the adjustments farmers are making with decreased income have made Michigan an uncertain and key battleground.

The race between incumbent Republican Senator Homer S. Ferguson, and his Democratic opponent, Patrick V. McNamara of Detroit, is being watched intently. Should McNamara defeat Ferguson, the Administration would be painfully hurt and the leaders on both sides know it.

Senate Majority Leader Knowland has not particularly endeared himself to the Administration by his criticism of its foreign policies. Senator Ferguson has been mentioned as the possible GOP leader in the next Congress. If the political wind blows in that direction, it is therefore of utmost importance for the Republicans to pour every possible effort into Ferguson's campaign.

For there are numerous indications that McNamara is a very serious threat.

Throughout Michigan there is much dissatisfaction, even in Republican ranks, with Ferguson's voting record. Also, Ferguson is not a particularly good campaigner. He is nationally known, but that doesn't mean too much to the average voter here.

Ferguson is running in a state that has elected a Democratic Governor three successive times, and that same Democratic Governor G. Mennen Williams is again leading his party ticket for a fourth term—a feat yet to be accomplished in Michigan.

There is a wide feeling that the popular Williams will do it. That means a heavy Democratic vote can be expected, and that will undoubtedly work to McNamara's advantage.

It is significant that in the primary, although virtually unknown outside, McNamara polled a larger vote than had been expected.

The official count showed that Ferguson got 410,729 votes with no opposition in the primary. The two Democratic candidates, the late Blair Moody and McNamara, polled a combined total of 353,046. Governor Williams received 426,660 votes as against a total of 467,264 by four Republican gubernatorial candidates.

As it is impossible to split the primary ticket in Michigan, it is

a reasonable conjecture that Moody's death left many Democrats undecided, and that they neither cast a memorial vote for him nor did they ballot for the unfamiliar McNamara.

McNamara is counting on having a special appeal to Michigan voters.

He is the sales manager and vice-president of a mechanical contracting firm. He started his career as an apprentice pipe fitter. For 18 of the past 21 years he has been president of Pipe Fitters Union, Local 636, AFL. In those 18 years his union has a no-strike record. Also, he has never held a paid AFL office. He maintains that his "vocation finds him in the capacity of management, while his avocation has been the labor movement."

A blunt-talking man who tells you to your face what he thinks, McNamara is running strictly on his own terms. Six years ago he withdrew in favor of an upper peninsula candidate, Frank Hook, who lost by 27,000 votes. It was felt that McNamara, with his powerful Wayne County (Detroit) support, could have beaten Ferguson.

McNamara appears to be enjoying his tough fight. An earlier inner-party wrangle between him and Democratic State Chairman Neil Staebler has been ironed out and harmony restored, at least for the campaign. Governor Williams gave important help on that by cordially endorsing McNamara, although prior to Moody's untimely death strongly supporting him.

The Democrats will need all the unity they can muster to win. Michigan normally is a Republican state. President Eisenhower is personally widely popular here; the GOP has no internal difficulties; and they are going all-out to hold the state for the Administration.

Under ordinary conditions, the odds would definitely favor them. If this were 1952, Ferguson's reelection would be virtually assured. But the times and circumstances are different—and that may make the difference. Ferguson knows that and is "running scared."

That's smart, because he has the battle of his career on his hands. Big prizes await him in Washington if he does win, and he is leaving no stone unturned to come out on top.

So far, it's anyone's guess what will happen. The Republicans are confident and McNamara talks the same way. The voters are quietly weighing and deciding.

Sportsmen Have Knack Of Agreeing

—by H. G. Heller

Pennsylvania's disagreement with a proposal to set up a four-state pact under a plan presented by Interstate Commission on the Delaware River Basin—to provide for equitable distribution of Delaware River water is in sharp contrast with an agreement reached this year between two of the states on public fishing policies in the river.

New York State, which with New Jersey and Delaware, agreed to the carefully engineered Incodel project, only to have the idea die because Pennsylvania rejected it, went on to gain U. S. Supreme Court permission to take a great deal more water out of the river at its upper reaches.

About the same time this was going on the New York Conservation Department and representatives of the Pennsylvania Fish Commission were meeting in Stroudsburg.

Present were Paul F. Bittenbender, president of the Fish Commission; H. R. Stackhouse, administrative secretary of the commission; and W. W. Britton, chief of the enforcement division of the Commission.

Purpose of the meeting was to work out a plan for mutual regulation of public fishing on that portion of the Delaware lying between New York and Pennsylvania—ranging from Matamoras to Hancock, N. Y.

New York asked for change in the creel limit for pike-perch or walleyed pike, and pickerel from 15 to 10, and to remove the size limit on rock bass. Pennsylvania delegation agreed to present the request to the Fish Commission, and said it could be accomplished in 1955.

New York agreed to prohibit use of spears and outlines in that portion of the Delaware, also to be in effect in 1955. The meeting also provided that license of either state would be recognized on a shore-to-shore basis. This will permit fishermen to take off in a boat from either shore and be permitted to hold possession of all fish legally taken.

Persons fishing from the shore, however, would have to take out a license from the state in which the shore is located.

It was all done agreeably, swiftly and without haggling as sportsmen are traditionally used to performing in matters of conservation and the best interests of the public.

Therein lies the sharp contrast between the states in matters of controlling the flow of the river and how much water each state may take from the river as proposed by Incodel.

The Incodel agreement was reached in much the same manner, but then it left the field of good sportsmanship's constant desire for sound conservation and "died."

forces and possibly Infantry as well, assist Generalissimo Chiang Kai-shek's forces.

The fall of Quemoy and other small islands held by the Nationalists would severely weaken their position on Formosa, to whose security the United States is committed.

The President therefore faces a difficult decision — whether to send the Seventh Fleet into the forthcoming battle for Quemoy or wait until Formosa is attacked, when the chances of staving off the Communists will be less.

Non-Partisan Economics — Organized labor has indicated on more than one occasion that it thinks economic reports by departments and agencies under the Eisenhower administration are slanted to paint a rosier outlook than actually exists.

However, the fact is that at least one key branch of President Eisenhower's own executive office is run without even the slightest chance of politics creeping in. This is the President's council of economic advisers, which guides the executive in many vital policy matters.

Reason for CEA's politically detached attitude is the council's less, tough-minded Arthur F. Burns. Mr. Eisenhower persuaded Burns to take the job only on the condition that he would have an absolutely free hand to hire and fire, regardless of an employee's political bias.

As a result, the council has taken on a number of experts in lesser capacities who wear a Democratic tag. The group even includes some avid supporters of Adlai E. Stevenson.

Churches To Mark Community Chest Sunday

County Drive For \$66,520 Opens Monday

ALL MONROE County ministers have been asked to set Sunday aside as Community Chest Sunday.

The request, on behalf of the Chest's annual campaign for funds to support its 12 member agencies, was made by J. Nelson Westbrook and Joseph McCluskey, co-chairmen of the Chest's professional division.

The Chest officially opens its 1954 campaign on Monday night with the annual "kick-off dinner" at the Penn-Stroud Hotel. The dinner is given by Gerald P. O'Neill, owner of the hotel each year as a contribution to setting up the Chest's working organization.

In a letter, over Westbrook's signature, the professional division has asked pastors to help the Chest drive in these specific ways:

To prepare and deliver sermons based upon the needs of the community and the help available to all those who need it from the 12 member agencies. This help, the letter points out, is given without regard to color, race or creed — a fundamental doctrine of the Chest.

To offer prayers for those who "minister to their fellows in our Red Feather services, for those who organize workers, who collect funds, for those who give as they are able and for those who will receive that they may be able to again help themselves."

The ministers have also been asked to make a "personal call" at Radio Station WVPO in Stroudsburg to "tape record a one-minute prayer" for Community Chest sometime between Sept. 21 (yesterday) and Oct. 5.

The goal of the 1954 Chest campaign is \$66,520. Workers in most divisions have already been chosen but solicitations for funds will be concentrated on the period after Monday night's kick-off.

Dunn, Fritz Sentenced To Penitentiary

MILFORD—Donald A. Dunn, 25, Fort Jervis, N. Y., was sentenced Monday in Pike County Court at Milford to a five-to-10-year term at hard labor in Eastern Penitentiary, Philadelphia, by Judge Fred W. Davis.

Dunn and Paul Magforlane, 18, were arrested Aug. 3, 1954, by State Police near Matamoras, Pike County, for burglarizing the home of Willard Wilson, Heaters Hill, near Matamoras on July 29.

Dunn figured in the news again shortly after being committed to Pike County jail at Milford when he escaped on Aug. 13 by squirming through a hole in the prison ceiling. His freedom lasted less than 24 hours, however, when he was captured the next day by State Police.

Also sentenced Monday by Judge Davis was Robert Fritz Jr., North Carolina resident, who drew a one-to-two-year term in Eastern Penitentiary.

Fritz, 24, a Pike County camp worker, stole an auto on Aug. 19 from Camp Malibu, Milford, and later was involved in a hit-run accident near East Stroudsburg. He was charged with larceny of a car.

Leader Proposes Thrift, Prudence

MIFFLIN, Sept. 21 (AP) — State Sen. George M. Leader tonight proposed to substitute Democratic thrift and prudence for what he called "profligate waste of Republican misrule."

In a campaign speech the Democratic nominee for governor declared that abolition of the state sales tax, promised by his party if elected, would not be made at the expense of the public school system.

"I cannot state too strongly that the abolishment of the sales tax will not be made at the expense of our school system," he said in a speech at a Juniata County rally.

New Machine Developed To Attack Cancer; Radium Beams Strike Disease At Many Angles

By FRANK CAREY
AP Science Reporter

WASHINGTON, Sept. 21 (AP) — A new machine for attacking cancer with radium — a device which brings multiple beams of radiation to bear on a malignancy in much the same way that a ring of spotlights focuses on an ice show performer — was announced today.

A team of researchers of New York's Roosevelt Hospital said the device—developed by a Columbia University radiologist—offers advantages, in certain cases, over previous methods of attacking deep-seated cancers with radiation.

These earlier methods include use of radium from a single source; various methods for applying X-ray and the use of radioactive cobalt from a single source. Dr. Douglas Quick and physicist

Essay Contest To Be Held In County In Conjunction With Pennsylvania Week

MONROE COUNTY high school or junior high school students will have a chance to win three big prizes in an essay contest sponsored by The Daily Record in conjunction with Pennsylvania Week celebrations.

Winners of the prizes will be honored at the annual Pennsylvania Week dinner at the Penn-Stroud Hotel Thursday night, Oct. 14.

Prizes will be awarded personally by Robert S. Kintner, the only surviving Monroe County Pennsylvania Ambassador, who is president of the American Broadcasting Co. Kintner will be a guest here during Pennsylvania Week celebrations.

The Daily Record's Pennsylvania Week essay contest has been set up under simple working rules. Here are all students have to do to compete for the three large prizes: Students must write an essay of 500 words or less telling "What Local Industry Means To Me." The essays may be written either in long hand or on a typewriter.

Contestants must write on one side of the paper only. Regulation business-size paper — 8 1/2 by 11 inches is required. All essays must be sent to: "Contest Editor, The Daily Record, Stroudsburg, Pa."

All entries must be postmarked no later than Friday, Oct. 8, 1954. Essays will be judged on the manner with which the subject is treated and the neatness of the paper submitted. Decision of the judges, in all cases, will be final.

First prize for the finest essay submitted will be a \$25 bond. Second prize will be \$15 in cash and the third award will be \$10 in cash.

Students are urged to write their papers and submit them as soon as possible. Remember the deadline—Oct. 8, 1954—for The Daily Record's big Pennsylvania Week Essay Contest!

Hospital Notes

Births

Son to Mr. and Mrs. Earl Sandt, Bangor; daughter to Mr. and Mrs. Richard Williams, Pen Argil.

Admitted

Mrs. Marie Landue, Philadelphia; Mrs. June Van Horn, Kunkletown RD 2; John A. Wagner, East Stroudsburg; Mrs. Jean Sab-rinsky, East Stroudsburg; Mrs. Carmella Ott, Bangor; Austin Kautz, East Stroudsburg; Charles Whiteman, Egypt Mills.

Discharged

Mrs. Barbara Burnet and daughter, Cresco RD; Mrs. Annabelle Peechatka and son, Stroudsburg RD 3; Mrs. Hilda Krohn, Stroudsburg RD 3; Mrs. Edith Tucker, Bangor RD 1; George Trapani, Blairstown, N. J.; Arthur Ott Jr., East Stroudsburg RD 1; Mrs. Ann Stettler, Stroudsburg.

Meekes Funeral Rites Conducted

FUNERAL services for Mrs. Marie Meekes of Albrightsville were held yesterday at 2 p.m. at the Claude Geiz residence, that place.

Rev. Samuel Stauffer, Weatherly Lutheran Church, officiated. Interment was made in the Albrightsville Cemetery. Edgar Hamm funeral home, Brodheadsville, was in charge of services.

Scientists estimate that from 10 to 15 percent of all deaths throughout the world result from cancer.

Jeanne D. Richmond described the new machine, and their preliminary experience with it over the last 2 1/2 years, to the 55th annual meeting of the American Roentgen Ray Society. They credited development of the device to radiologist Gioacchino Failla of Columbia.

The device employs 50 grams of radium as a source of radiation. But, instead of being concentrated in a single capsule, the radium is equally divided among 25 capsules arranged in a ring at the bottom of a heavily shielded chamber. The capsules are directed inwardly at an angle so that the 25 individual "beams" emitted from the ring come to a focus a few inches beneath the surface of the patient's body, striking the cancer from all angles.

The technical report, together with an explanation in an interview with physicist Richmond, said experience to date indicated the following advantages of the new device:

1. It has shown possibilities for attacking certain deep-seated cancers of the bladder, lung, head and neck "not easily accessible to other means of radiation."

2. Compared with radium or other radiation from a single, stationary source, it allows a "much increased" dosage at certain depths beneath the skin.

3. Compared with rotational methods of applying radiation—where either the patient himself, or the source of radiation is mechanically rotated—the new technique offers better possibilities for reaching cancers that are not centrally located in the body. Also, the apparatus is simple to use and maintain.

Speaker Hits 'Big Lie' Technique

MOUNT POCONO — John R. Lenahan, a Scranton attorney, told Rotary Club here this week that guilt by association in America is running a close parallel to Hitler's "big lie" methods.

The technique, Lenahan said, is simply repetition of one idea so constantly that the people accept it as truth.

Applying the technique to current, real fears in America today unprincipled demagogues have pilloried loyal persons, he said.

"We have, thank God, become aware of the dangers of International Communism. We have begun to recognize the dangers of Communist infiltration . . . we have become aware of Communist armed aggression and their diabolical political philosophy of overthrow of Democratic forms of government by force and their belief in world domination and enslavement. However, in shaking off our apathy, in slowly awakening from our self-complacency some of us have gone slightly overboard," Lenahan declared.

"Our newspapers are full of headlines of men being condemned through guilt by association — of hard-working, loyal public servants being pilloried with accusations of disloyalty, of being un-American, of being guilty of treason without the benefit of a fair trial," he continued.

"We find powerful political figures, demagogues who for their own selfish purposes are wrapping themselves in the American flag and condemning other public servants as being Communists—some even in military uniform recently returned from upholding the country's honor on the battlefield and in many instances these accusations are based on the flimsiest legal evidence, based on irrelevant matter that would not even constitute evidence in a court of law," Lenahan continued.

"I do not pretend to say that we should not get rid of disloyal citizens who are employed by the government. Being a civil servant or a public servant does not make one immune from criminal prosecution. Nor do I say that we should stop Congressional investigations of alleged subversives in government," Lenahan said.

"What I do say is that the object in mind does not always justify the means. We have prosecuted the top Communist leaders under the Smith Act—they have been found guilty after they were given every advantage of due process of law and they are now behind bars, where they belong."

Legal means are now being used also, the speaker said, to prosecute minor Communist leaders and "... we can prosecute and get rid of disloyal government employees by the time honored methods of investigation, arrest, indictment and trial by jury. By doing so we protect the innocent and prosecute the guilty," Lenahan declared.

"We are living in a time of fear brought about in large measure by those who want to accomplish a good purpose—expose the Communists—but who want to do so by methods that are completely un-American."

"Our system of justice, like our system of government was bought with blood and sacrifice. I rebel against ignoring the time-honored principles that have been our bulwark against tyranny since this country began," Lenahan declared.

He urged his listeners to make use of the "technique of repetition" to tell the nation that it is not "old hat or corny to be patriotic."

"What we need," he concluded, "is respect and love for the country we live in—and the principles for which it stands."

Chemical Dumped In Lake In Plan To Restore Fish

DIAMOND LAKE, Ore., Sept. 21 (AP)—More than a hundred Oregon State Game Commission agents began dumping chemical death in to Diamond Lake at dawn today in what is believed the greatest single effort yet made to restore a faltering game fish lake to usefulness.

Diamond Lake, high in the Cascade Mountains just north of Crater Lake National Park, was once one of the great rainbow trout lakes of America. But rough fish, chiefly roach, began eating the plant life on the lake floor and destroying hiding places for insects on which trout feed. In recent years, trout have been few.

The lake will be restocked with trout. Experiments in smaller lakes promise success.

Lancaster Cattle

LANCASTER, Pa., Sept. 21 (AP)—Cattle, 534, fat steers steady. Calves 155, choice and prime 20.00-28.00. Hogs 60, yards completely cleared. Sheep 37, market unchanged.

William N. (Tickle) Walton, Borough Justice Of Peace, Dies At 68 In Philadelphia

WILLIAM N. WALTON, 68, justice of the peace in Stroudsburg for about 30 years, died in University of Pennsylvania Hospital, Philadelphia at 4 a.m. yesterday. He had been ill several months.

One of the most widely known and best liked residents of the community, Mr. Walton had been almost universally known as "Tickle" Walton throughout this region.

Jaycees Set Date For Celebration

POCONO JAYCEES have set Nov. 9 as the tentative date for their "charter night" celebration. The guest speaker will be Kenneth Shirk, president of the State Junior Chamber of Commerce organization. Shirk is a Lancaster attorney.

Jaycees in this area also hope to invite civic, industrial, business and public service spokesmen to attend the meeting. No definite place has yet been decided for the dinner. Gerald Rubin is head of the charter night committee.

Decision to hold the charter night program was made last night at a meeting in which local Jaycees also accepted responsibility for another three major projects benefiting the area, a spokesman said.

The projects were: Jaycees will sponsor a "Voice of Democracy" contest. Designed for students in grades 10, 11 and 12 in county schools, the contest requires a written essay on the subject of democracy's meaning. Entries will be judged on the basis of both writing and vocal delivery—the latter gauged when the student delivers his prepared address over the local radio station. Committee members are: Clarence Pearson, Chester Miller, William Barton and William Gorton.

The Jaycees appointed a committee to work out details for a "float" to enter in the giant Hallowe'en parade scheduled for Oct. 30 in the two Stroudsburg boroughs. Committee members are: Herbert Zubow, Philip Hardaker, Earl Fehr, Rod Hummel, Jerry Hinton, Paul Mannix, Howard Popkin, John Osborn, John Quaresimo, Mac K. Below and Robert Widmer.

Jaycees decided to volunteer their services to help Monroe County Library move its facilities to new quarters. The library is slated to make the move to the Keiper building—recently deeded to it for use as quarters—sometime within the next month, according to reports.

A committee of Jaycees was appointed to contact Mrs. Elizabeth Kane, librarian, and offer the organization's help in carrying books, shelves and other equipment. There were 23 members present at last night's meeting and several guests from the Allentown and Bethlehem Jaycees.

Couple Sells Inn Property To Dowers

MR. AND MRS. Harold S. Dower, 296 Washington St., East Stroudsburg, have acquired ownership of Cider Inn on Stokes St., that borough.

Announcement of the transfer was made yesterday by Attorney Grant Nittrauer who processed the deed recording the purchase. The deed was filed yesterday at the office of Floyd Butz, county recorder.

The property was sold by Mr. and Mrs. Clair Heckman, operators of the Inn until recently, to the Dowers.

Also involved in the transaction are two lots on Pearl Alley (Fourth St.) in Stroudsburg formerly owned by the Dowers. They have sold the tract to the Heckmans, their attorney said.

Dower said last night that he and his wife will continue operating their present business, Dower's Inn at the Washington St. address at least temporarily.

The family—including their daughter, Mrs. Marian Lawler—has already assumed management of Cider Inn, Dower said.

Other deeds filed yesterday showed the following transfers: Mr. and Mrs. Lindo Modolo, Pen Argil, have sold a property on N. Courtland St., East Stroudsburg, to

The Daily Record's Home And Building Page

'Component' System Aids Home Builders

By DAVID G. BAREUTHER
AP Real Estate Editor

LUMBER DEALERS are waking up to the fact that people are getting over home building costs and the lumbermen aim to do something about it. They agree that it is old-fashioned, to say the least, to put together some 30,000 little pieces in order to build a house. They think a comparatively few big parts could be used—and presto, there's your house.

Some local lumber yards already have this system ironed out with local carpenters steadily employed on assembly lines, instead of wandering from job to job. They are trucking daily to job sites whole wall sections complete with windows and doors already installed, full fabricated roof trusses, rows of closets called "storage walls," and so on.

This system is called component building and the industry is so enthusiastic about it that a big show is going to be based on it for the National Retail Lumber Dealers convention in New York from Oct. 2 to 10. This show, to be called the Modern Living Exposition, will be staged in the huge Kingsbridge Armory, largest single floor exhibit hall that could be found. Three demonstration houses will be erected in the middle of that vast floor.

These houses will feature a method by which virtually every local lumber yard will be able to compete with the prefabricated house idea and save the buyer transportation costs from a distant factory. The idea is that local lumber yards will build standard wall sections in panels consisting of framework and plywood sheathing. The panels fit together on the job to conform to almost any floor plan you have in mind. You are not limited, as in buying an automobile, to a two-door or four-door model. You can have a one-door, or three-door or 40 window setup.

The parts are nailed together on your foundation before you can spend a day saying Jack Robinson—in fact, a demonstration house was erected and roofed over in less than a day with a total of only 22 man-hours on the job.

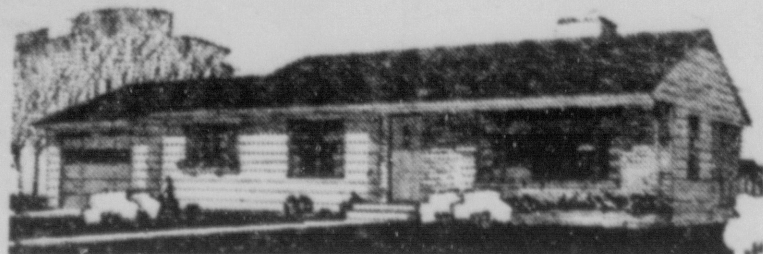

The idea has been a-borning for some time. It was polished off by the University of Illinois Small Homes Council under a grant from the Lumber Dealers Research Council. For that sponsorship, the panel method has been named the Lumber-Dealers system. It is part of the general component construction, which the American Builder, trade publication of the home builders, has long advocated.

Even before World War II, a few smart developers were building staircases, finished and fitted windows and doors, kitchen cabinets and closets in their warehouses. They knew that certain units would fit into any style house. But it took this long for the idea to percolate down to a practical system for local lumber yards.

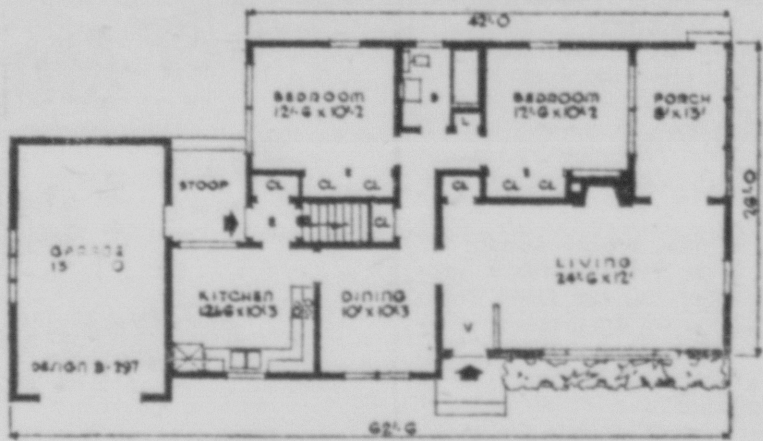

An industry spokesman told us that building by components should not be confused with house prefabrication. "It is pre-construction," he said, "not the entire dwelling. As in conventional construction, actual building of the house is an on-site job." And the American Builder calls the component technique "a middle course between conventional and prefabrication methods."

However, Carl Swartz, Decatur, Ill., builder, told that trade publication that he saved 200 man-hours in construction of a \$16,000 home by using pre-made trusses and panels instead of the ordinary do-it-all-on-the-site method. And Martin L. Bartling Jr., of Knoxville, Tenn., whom the editors call one of the leaders in component construction, said "We can place a storage wall unit in a matter of minutes, as compared to a couple of days' time for building closets."

A conference of builders, manufacturers, lumber dealers and architects, sponsored by the American Builder in conjunction with the National Assn. of Home Builders, re-

A SMALL HOUSE PLANNING BUREAU DESIGN NO. B-297

DESIGN B-297. This attractive ranch type two-bedroom plan also includes a separate dining room, porch and attached garage. French doors open from the living room onto the porch.

The kitchen-dinette is in front of the house, with windows overlooking both front and rear yards. Wardrobe closets are used throughout and include coat closets in living room and entry, a hall closet and a linen closet.

Plans also call for fireplace, picture window, planter, stone facing in front, recessed tub and full basement. Exterior finish is wide siding and asphalt shingles. Floor area is 1101 sq. ft., without porch and garage, and cubage is 21,469 cu. ft.

For further information about Design B-297, write the Small House Planning Bureau, St. Cloud, Minn. In Canada, the Small House Planning Bureau of Canada, St. John, New Brunswick.

Questions And Answers

MY BEDROOM is large. Bedspreads and draperies are yellow with brown and white striped borders; rugs are yellow with brown borders, and lamps are white silk with yellow edges. What color should I paint the walls and should I finish the woodwork in a natural tone or white? S.F.

Blue-green would be a good color for the walls and woodwork of your bedroom.

The Wallpaper in my living room has a white floral pattern on a blue background. The drapes are blue, the rug is wine and one chair is wine. I am going to have another chair upholstered and am buying a new divan. Will you please tell me what colors to get? The dining room, which is connected with the living room by an archway, is papered in a blue and rose stripe; the drapes are blue and the furniture is maple. Should a rug for this room be the same color as the living room or do you suggest something else? R.A.A.

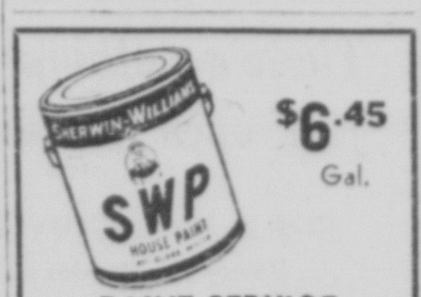

For the new divan for your room I suggest blue and for the chair upholstery, white leather. A rug in the same shade of wine as in the living room would be nice for the dining room.

I am going to redecorate my bathroom. There is gray tile trimmed with peach halfway up the walls and the upper walls and ceilings are now painted peach. What color would you suggest for the walls and ceiling and for the accessories? M.B.

Powder blue would be a good color for the walls, woodwork and ceiling. For the accessories I suggest royal blue and rose.

Our Bedroom has light green walls with white woodwork and chests painted white. What would you suggest for draperies, rug, etc.?

I recently concluded that component construction makes sense, because: 1. It lends itself to standardization without sacrificing flexibility and individuality. "Look-alike" houses will not result. 2. It provides cost savings that can be passed on to the consumer.

Smart Interior Decoration Can Make It A Man's Home

By VIVIAN BROWN
AP Newsfeatures Writer

WISE BRIDES furnish their homes to please their husbands. These clever damsels tolerate a cobra design motif if the man of the house wants it. They'll put his favorite moose head above the fireplace. And if he really insists—they'll convert the dining room into a bird sanctuary.

Well why not—the "love me, love my house" theory helps make a happy home. It is easy to make your abode look like the local store furniture window. The real trick of decorating is to inject enough personality into the decor so that it looks like you.

Any smart girl can turn the weirdest of her husband's cherished possessions into a smart decorating conversational piece. Why relegate things he loves to the attic? It's his home, too, and if you want him to enjoy it, and perhaps spend more time in it, give him a decorating break.

Here are some suggestions to help you cope with various paraphernalia your man might admire:

If he has a collection of sports prints: Frame them in handsome settings to harmonize with the room decor. Birds, animals and horses can make a delightful grouping on a wall.

Loves that mounted fish: Hang it over a desk and be surprised at the effect. It can help build his ego, too. He won't have to tell the boys that fish story they won't believe anyway. He'll have his fish to prove it.

Driftwood Collector: A real handsome shape may be used as a lamp base. Take it to your local electrician and get a price on having a base made for it. But don't have it cut to fit the project.

If he's a Conchologist: His passion for shells is easy to cope with. He'll enjoy mounting them on a velvet background. Little typed labels under each one can identify them. Put the entire thing in a pretty frame and hang it on the wall.

A passion for toy soldiers: Don't

heat your home for health and save money, too!

Heat alone is not enough for healthful living. You need continually freshened, filtered and humidified air, circulating constantly, but gently. LENNOX WARM AIR CONDITIONING WILL DO THIS FOR YOU.

Worthwhile Savings! Your first cost with Lennox Warm Air Conditioning is moderate. Savings don't stop there. Clean air means fewer cleaning and decorating bills. Lennox "Mellow-warmth" control means lower fuel bills. Freshened, filtered air means better health. And, as an added advantage the Lennox compact, streamlined furnace means more space for living.

Extended easy payment plan available.

GEORGE LEADER

Next Governor of Pennsylvania

THE ECONOMIC
SITUATION
DEMOCRATIC STATE
COMMITTEE

COMMUNITY CONCERT Association's annual sale of memberships due to close Saturday is attracting major interest because of a fine group of artists "bought" for the 1954-55 season, included the famed John Sebastian, harmonica artist. Shown here planning membership sales at Penn Stroud Hotel headquarters are Mrs. Charles Allen, secretary; Mrs. W. R. Levering, vice president; Mrs. Ethel Atwood, field representative Columbia Concert Assn.; Edward Williams, president; Fred Whitman, Numa Snyder and Dr. Donald B. Corson.

Rev. Swaim To Appear At Rotary

REV. WM. T. SWAIM, Jr., executive secretary of the six Presbyterian homes of central Pennsylvania in Newville, Carlisle and Hazleton; executive director of the Ellen Parker Bureau for Child Care; and part-time minister at the Mon-

Rev. William T. Swaim Jr.

han Presbyterian church, Dillsburg, where he resides, will address Stroudsburg Rotary Thursday.

He was born in Selma, Alabama, and attended Washington & Jefferson College, Maryville College and the University of Tennessee, where he received the B.A. degree. He has bachelor's and master's degrees in theology from Western Theological Seminary, Pittsburgh; and he completed the residence requirements at Temple University for the doctor's degree.

He has been a member of the Rotary Club of Carlisle since 1943. In successive years he occupied the following offices in Rotary: secretary, vice-president and president of the Carlisle Rotary Club; chairman of the district conference; district governor; and member of the extension committee of Rotary International for the United States, Canada and Bermuda. As district governor he set a record by averaging five visits per club in the district, with a minimum of four visits at each club.

He is the author of "Five Hundred Marks of A Good Rotary Club", "Three Hundred Marks of A Good Speech", "Dear George, You Can Organize A Rotary Club" and many other publications. He serves on the editorial board of "Welfare Magazine", which is published by the Pennsylvania Welfare Conference. In March he served as chairman of the 1954 annual meeting of the Pennsylvania Welfare Conference.

He has served scores of organizations as a consultant on establishing homes for the aged. In 1950 he was one of the few persons who were invited by the federal government to attend both the National Conference on Aging and the Mid-Century White House Conference on Children and Youth. He has been serving on the state committee on children and youth by appointment of Governor Duff and Fine.

Mrs. William Clugston
Ph. 2004R3

MISS GRAHAM BRYSON, with her brothers Allen and John, has just returned from a drive through several southern states, where they enjoyed a visit to Rock City on Lookout Mountain in Tennessee as well as other noted scenic spots.

Mr. and Mrs. George Niering, Scotrun, have just had word from their son, Dr. William Niering, who has been doing research work on the island of Katingamarge in the Pacific for the Botanical Department of the College for Women, New London, Conn. He also visited Hawaii and Guam and expects to return the latter part of this month to resume his duties at the College.

Tree toads belonging to the class of amphibia are sometimes called "peepers."

... a tack
nearly cost me
my life!

FRANK J. DERKITS
Lineman 1/c
Northampton, Pa.
169 Newport Avenue

A lineman stakes his life on his climbing spurs . . . believe me I know! That's why it's so dangerous to attach posters and placards to service poles. Long after the posters are gone, the nails and staples, that prevent our spurs from taking hold, still remain.

Each year many linemen . . . electric, telephone and telegraph alike . . . are injured. Some rip downward to be badly lacerated by the rusty metal. Others tumble from the pole to be hurt by the fall. I was one of the latter . . . and was laid up for seventeen days.

We linemen need your help. When you see someone posting placards on poles, explain that they are risking injury to someone whose job is helping them. While it is now against the law, the real answer is public understanding. Won't you please help to make the danger clear? Ask your friends and neighbors to help too.

Thank you!

News of the World in Pictures

GIANT IN THE SKY is one of the massive figures of the Marine Corps War Memorial being hoisted into position as workmen begin assembling the statue at the north end of Arlington National cemetery. The \$850,000 statue of the historic flag raising at Iwo Jima was created by Felix de Weldon. Washington Monument and Lincoln Memorial are in background.

LOVELY Ann Bleuzen shows just how tall the corn will be at the New Jersey State Fair when it opens in Trenton on September 26. Fair is said to be the country's oldest.

ACROBATIC TEAM of the United States Air Force, the Sabre Knights, flies straight up in close formation during a jet demonstration at an air show held near Los Angeles.

THIS DUTCH FATHER knows how to keep his kids out of his wife's hair while she's doing the housework. He modified his own bike to hold the youngsters. Seats in front and back, into which the children are strapped, permit him to drive the bike without holding them.

LATEST FAD from Paris is earing "eyes" to match the eyes of the wearer. Here Gisele Tanalias, a decorator, displays her novel creation. Pupil of the earring is handpainted.

PARDON US if we're a mite suspicious about this, but a press agent undoubtedly had something to do with it. Little Terrie Diederich of Las Vegas, brings her kitten, Little Britches, to actress-singer Marilyn Maxwell for some pointers. It seems that Miss Maxwell was clawed by a 250-pound tiger named Britches in a hotel swimming pool in town.

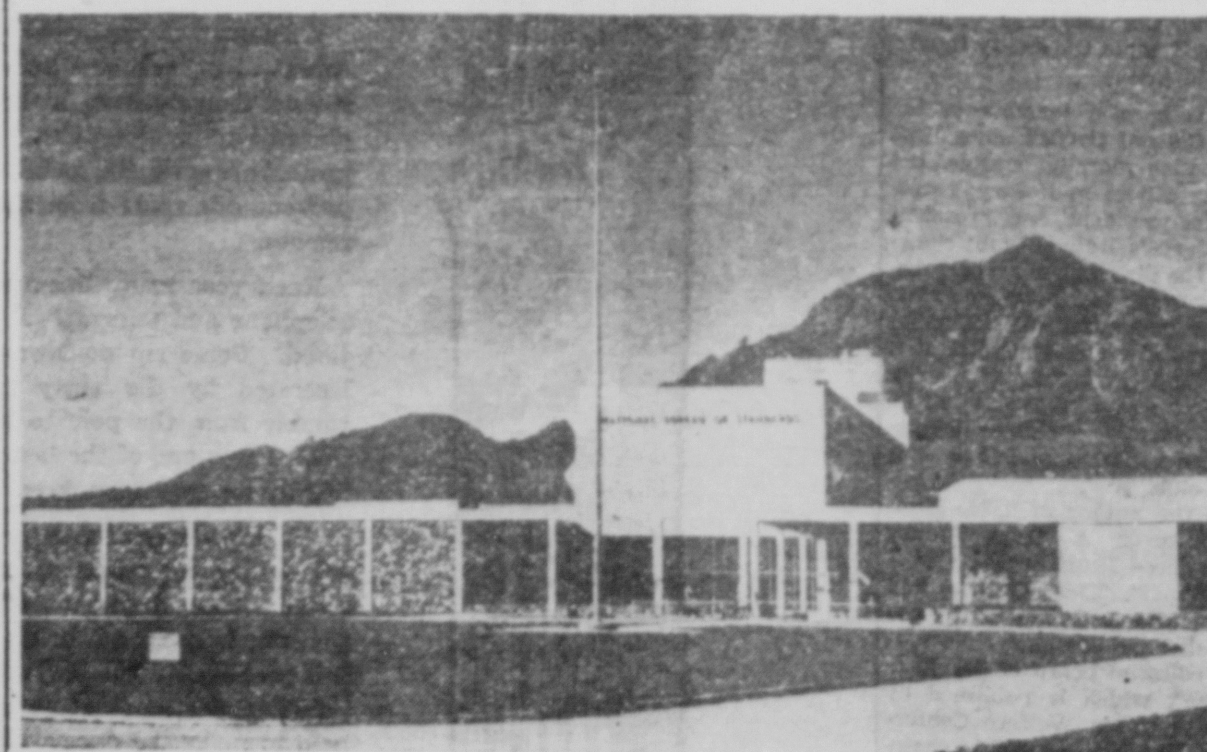

THIS MAZE of electrical equipment, part of a high voltage generator, would puzzle most adults, but not Danny Massey, of Chattanooga, Tenn. Eleven-year-old Danny, young genius with an I.Q. of 225, amazed engineers at General Electric plant in Schenectady, N. Y., with his knowledge.

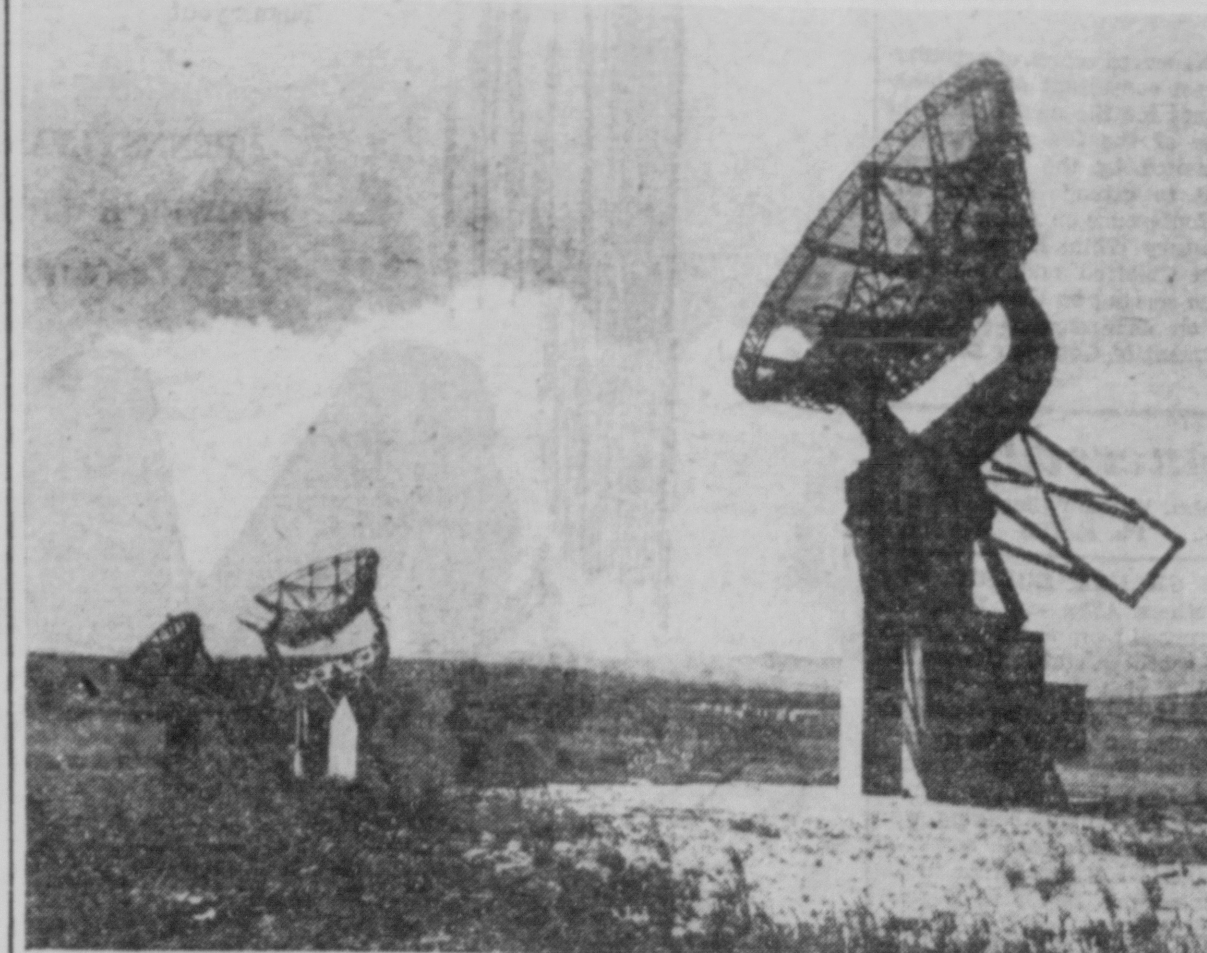

King Features Syndicate

TRACKING THE SUN

DEDICATED BY President Eisenhower, the National Bureau of Standards research center at Boulder, Colo., houses a radio propagation laboratory which is the largest and most modern lab of its kind in the country. Design of the building features a central spine with one-story wings extending at either side. Three giant radio telescopes at the station are arranged to receive radio waves from the sun and to track the sun automatically as it moves across the sky. Radio astronomy aids in the study of mysterious radio waves coming in from outer space and their effect upon radio communications.

This new research center at Boulder, Colo., was built for a cost of four million dollars.

These radio-telescopes situated on Gun Barrel hill follow the track of the sun in the sky.

Community's Role Theme Of PTA Panel

The East Stroudsburg Parent Teachers Association launched a new season with a discussion of the "Children and Our Community," and the announcement of committees for the year at their meeting Monday night at the Junior High School.

The panel was moderated by Carl Secor, supervising principal, with Mayor Jesse Flory, Dr. Frederick Jones, Rev. Frank Wingerter and Dr. Francis McGarry taking part. The importance of a community in providing the proper atmosphere and adult example for the children growing up there was stressed by Mayor Flory. Dr. Jones, school physician, hailed as "very good" the general health of East Stroudsburg's school children, with dental problems as the most common at the present time. Rev. Wingerter stressed the spiritual aspect of a community and the attitudes which children copy from their parents. Dr. Francis McGarry of the East Stroudsburg State Teachers College Faculty talked on the extra-curricular activities provided by the community in its Boy Scouts, Girl Scouts, Youth Center, and other organizations including the playground.

Elston Arnt, president of the PTA, opened the meeting with the PTA prayer. David Miller, program chairman, reported on general plans for the year. Other committee chairmen announced included hospitality, Mrs. Marvin Burrus; membership, Mrs. Earl Bush; room representative, Mrs. Rudolph Blittz Jr.; publicity, Mrs. Raymond Poortstra.

Representatives will be sent to the school of instruction to be held in Milford on October 23. A committee, consisting of David Miller, Mrs. Martin Ellsweig, and Earl Miller, was named to plan a fund raising activity.

The October meeting will feature an open house at the Junior High School.

Refreshments were served after the meeting.

Stroudsburg Tri Hi-Y Clubs To Begin Tuesday

The Tri Hi-Y Clubs of Stroudsburg, the YMCA's program for girls between the ages of thirteen and eighteen, will begin Tuesday, September 28 at the Methodist Church at 7 o'clock. All girls who have been or wish to be members may attend this "rally" program.

Two clubs will be organized this year, the Senior Tri Hi-Y for girls in the 10th, 11th and 12th grades and the Junior Tri Hi-Y for girls in the 7th, 8th, and 9th grades. Mrs. Jean Farry will be the advisor for the senior group and Mrs. Rachel Lindsey will lead the Junior Tri Hi-Y.

The Tri Hi-Y club program is planned to meet the needs and interests of the Junior and senior high school girl through personal development, service to others, planned recreation and character guidance. The basic purpose of Tri Hi-Y is "to create, extend and maintain throughout the home, school and community high standards of Christian character".

Just Between Us

—By Bobby Westbrook

"Into each life some rain must fall, some days be dark and dreary" is a quotation which automatically comes to mind on this ninth day of the rainy season. While most of us are getting a little milder around the edges, there are bright spots in our days.

John and Carolyn LeBar, home from their honeymoon, for instance. Spending it on Long Island, between hurricanes Carol and Edna, they found themselves drafted into helping their neighbors clear out from under, and an exciting time they had of it, too.

There were bright spots in the Children's Aid picture too. One former ward graduated from college with a teaching job—and an engagement ring. Another enlisting for four years in the Marines, and progress all along the line.

Another bit of information I picked up was the fact that at the Blood Donor Day yesterday with men from industry as the donors, the canteen committee discovered that they used twice as much cream and sugar for the coffee as they do on Donor Days when both men and women are donors. Which would seem to indicate that men are less conscious of figure control than women.

Shortest business meeting on record: Frank Grimm taking over as president of his church school class had one item of official business. He entertained a motion for adjournment—which they did.

Listen To—Bobby Westbrook on the Party Line over WVFO every Monday, Wednesday and Friday at 10:05 a.m.

Mrs. Philip Frederick Haberle Jr.

Janet Frey Is Bride Of P. F. Haberle

Bangor—The Christ Reformed Church of Bangor was the scene of the wedding of Miss Janet Mae Frey, daughter of Mrs. Marjorie Frey of Pen Argyl, to Philip Frederick Haberle Jr., son of Mr. and Mrs. P. F. Haberle of Nazareth on Saturday at 4 p. m. Rev. John H. Reese performed the ceremony.

The bride, given in marriage by her uncle, Milton Frey, wore a fitted gown of Chantilly lace, over satin with a sweetheart neckline and long sleeves. Her fingertip veil fell from a cap of lace, seed pearls, and sequins. She carried a cascade bouquet of white chrysanthemums.

Miss Shirley Blake, of Pen Argyl, as maid of honor wore a powder blue gown of nylon net over tulle and carried a natural reed birdcage filled with bronze pompons.

The bridesmaids were Mrs. Grace Kozic of Saylorsburg who wore pale green and Miss Mary Leedy of Pen Argyl, who wore yellow. They both carried similar birdcage bouquets with pink pompons and orchid pompons, respectively.

Adolph Haberle, brother of the bridegroom, was best man and David Koch, of Nazareth RD 1 and John Topus of Nazareth RD 2 were ushers.

The church was decorated with palms, candles and bouquets of white pompons and magnolia leaves. Frank Graver was organist and Miss Barbara Confer, of Pen Argyl, was soloist. A reception was held at the Belfast Rod and Gun Club. After a trip to Niagara Falls, Mr. and Mrs. Haberle will make their home at 704 George St., Pen Argyl. The bride is employed at the R. and R. Toy Co., and the bridegroom, Adam Eidemiller, Inc.

Bon Voyage Party For The Feindts, Off For Europe

A bon voyage dinner party was held in honor of Miss Anna Feindt and Arthur Feindt, of Stroudsburg, who are planning to spend six months in Europe. The party was held at Encore Farms, given by Miss Helen Hayne on Saturday night.

The Feindts have leased an apartment in Hamburg, Germany and using that as a center will visit Switzerland, Austria, Rome, and the Bavarian Mountains. Mr. Feindt will return in time to rekindle his summer resort, Karanac Camp for the 1955 season.

A hidden tape recording took down the dinner chit-chat including the dramatic account of Thornton Bishop, president of Bergen County Park Commission, and his wife of lightning striking their home in Teaneck, N. J. The recording, played back later to the guests, provided great amusement.

Frank Grimm President Of Married Couples

J. Frank Grimm was elected president of the Married Couples Class of the Stroudsburg Presbyterian Church at the first Fall supper meeting held last night with more than 40 persons present. Other officers elected included Norman Dietrich, vice president; Mrs. Elton Denning, secretary; and Walter Stevens, treasurer.

Russell Balmer, retiring president, presided at the meeting. The class has paid half of its pledge of \$600 to the building fund, he announced. He also thanked those who had helped through the year including Mrs. M. R. Kiefer, chairman of the committee in charge of the nursery during church; Mrs. John

Miss Carolyn Hinton

Miss Hinton Engaged To Navy Man

Mr. and Mrs. Richard S. Hinton, 1206 West Main St., Stroudsburg, announce the engagement of their daughter, Carolyn, to Douglas Peiffer, son of Mr. and Mrs. Ralph Peiffer of 225 Mulberry St., Catasauqua.

Miss Hinton is a graduate of Stroudsburg High School and is now employed in the office of the Pennsylvania Department of Highways.

Mr. Peiffer went to Catasauqua High School and Kutztown State Teachers College. He is presently serving in the U. S. Navy. No date has been set for the wedding.

Society Of 28th, Auxiliary Join For Installation

Joint installation of the officers of both Gateway Post, No. 56 Society of the 28th Division and its auxiliary was held at the American Legion Home, East Stroudsburg, on Sunday afternoon. Mary Jane Pugh of Wilkes-Barre, national president of the Auxiliary, installed the following auxiliary officers:

President, Celia Siproth; first vice president, Margaret Mosher; second vice president, Hattie Frantz; secretary, Dorothy Bartson; treasurer, Ethel McCarrick; chaplain, Jennie Siproth; historian, Doris Possinger; sergeant at arms, Blodwyn Possinger; trustee, Emily Mount; Christina Haas; and parliamentarian, Sarah Frantz.

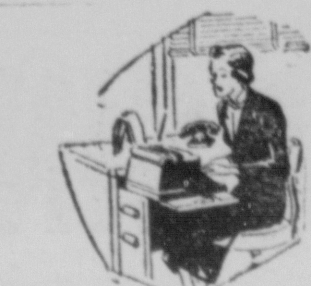

At the business meeting, preceding the installation, with Sarah Frantz, retiring president presiding, it was voted to change the date of the next meeting to October 10 so that local members could attend the installation of officers of Alfred Frymyer Auxiliary of Bethlehem on the third Sunday of October.

The auxiliary voted to have the date of its meetings listed on the Ann Logan Society Calendar.

After the joint installation, a buffet supper was served to members and guests. Guests included other national officers; vice president at large Leola Anderson of Bethlehem; Eastern vice president, Helen Fenimore, Philadelphia; central vice president, Wanda Haas, Stroudsburg; secretary-treasurer, Lenore Dennis of Wilkes-Barre; past national president, Miriam Hall and past national chaplain, Anna Allen, both of West Chester. There were other out of town guests.

Kainberz for taking the class roll each Sunday, the members who had taught during the teacher's summer absence, the committees in charge of the Christmas clothing fund.

Arlington Williams, teacher of the class for the past 13 years, spoke for the class in expressing appreciation for Mr. and Mrs. Balmer's faithful service.

District Meeting Of Federal Women's Club To Be Held September 29 in Catasauqua

The Northeastern District Conference of the Pennsylvania Federation of Women's Clubs will be held Wednesday, September 29, beginning at 9 a. m. in the Catasauqua Women's Clubhouse when the guest of honor will be the new state president of the federation, Mrs. Samuel J. McCartney. There will be three outstanding speakers, a pageant, special music and a luncheon. Luncheon reservations must be made by September 25 with Miss Winifred Hammer, Third St., Catasauqua, or through the presidents of the individual clubs.

Northampton is one of the hostess counties. Monroe County's six federated clubs are also expected to be represented at the conference.

Of special interest to Juniors will be the talk by Mrs. Ronald M. Hay, third vice president at large, and an active member of the Grove City Junior Woman's Club and has held many club and county federation offices. She is also active in community affairs.

Mrs. Gweneth Zaross, welfare services coordinator of the State Council of Civil Defense, will be another speaker. Born of British parents in Seoul, Korea, she became an American citizen while a college student in this country. She has taught in college, served in the Women's Reserve of the U. S. Navy and in the Office of Strategic Service in India and Burma where she participated in psychological warfare. Her present responsibility includes planning for the feeding, lodging and clothing of victims of enemy attack as well as the development of plans for evacuation, should the necessity arise.

Guest speaker will be Richard Thomas, foreign correspondent who has worked in Europe, Asia and Africa. A Harvard graduate, he has diplomas from the University of Paris and has been decorated by the French Government for his efforts in behalf of Franco-American friendship. Half of his adult life has been spent abroad, where he has lived with and studied the peoples of more than 50 countries in Europe, Africa, Asia and the three Americas. His topic will be "What Next in Southeastern Asia?"

Mrs. McCartney, new president of the state federation, is a member of the Women's Club of Bala-Cynwyd, the Women's Community Club of Narberth, and the Hathaway Shakespeare Club of Philadelphia. As chairman of Americanism Week, she promoted the Restoration of Independence Hall, and is a member of the state-wide Liaison Committee for Women's Activities for 1954 Pennsylvania Week, October 10 through 17th.

Mr. McCartney is employed as a pattern maker at the Stroudsburg Engine Works. They have a son, Howard, of Stroudsburg and a daughter, Mrs. William Detweiler, of Marcellus, N. Y., and four grandchildren.

Class Board Sets Date For Married Couples

At the meeting of the executive board of the Married Couples Class of the East Stroudsburg Methodist Church last night, the president, Paul Shaffer, announced a special meeting of the class to be held Monday, October 4, at 8:30 p. m.

At that time plans for class activities will be confirmed by the class and other important business transacted. The board suggested activities including a square dance, Halloween party, bake sale and program for monthly meetings. Special emphasis was placed on class attendance on Sunday mornings by Dr. Donald Corsin, teacher.

Attending the board meetings were: Mr. and Mrs. Paul Shaffer, Mr. and Mrs. Clarence Pearson, Mr. and Mrs. Donald Beeher, Mr. and Mrs. William Lee, Mr. and Mrs. Paul Florey and Dr. and Mrs. Donald Corsin.

Membership was stressed at the meeting. Miss Catherine Reimard, chairman, emphasized that the association was open to all women who could meet the educational requirements of the national AAUW. Any women graduated from an accredited college or university is eligible and welcome, she announced.

Committee reports were given by chairmen of the standing committees. Mrs. Evan Reese, chairman of Fellowship, announced the dates of the annual Book Fair for November 18, 19 and 20, and suggested that members and their friends sort out books they wished to contribute during the Fall housecleaning time. Anyone having books to contribute may call her at any time.

Past Councilors—The Youth Fellowship of the Reiders Methodist Church met at the church on the night of September 13. Robert Bryson presided at the business meeting and Elizabeth Frailey led the devotions. The discussion topic was "Religions."

Those attending were: Janet Bryson, Judy Doll, Elizabeth Frailey, Pamela Konkin, Carol Derriek, Doris Doll, Jean Hufford, Judy Lee, Robert Bryson, John Frailey, Bob Demarest and the leader, Mrs. Warren Smith.

Past Councilors of the Daughters of America will meet on Friday at the home of Mrs. Nettie Overbeck, 332 North Fifth Street to plan for the annual banquet in October. Secret pals will exchange gifts and new names will be chosen for next year.

PTA Date Set—Mount Pocono—The first meeting of the Mount Pocono Parent Teachers Association has been set for Thursday, September 30. At that time a guest speaker from Harrisburg will be featured.

Mrs. Edward Wallace Austin

Miss Roock E. W. Austin Are Married

Miss Florence Francis Roock, daughter of Mr. and Mrs. Jake Roock, of Bangor RD 2, and Edward Wallace Austin, son of Mr. and Mrs. Charles Austin, of Chestnut St., Hawley, were married on September 18 in the Baptist Church in Bangor by Rev. Harry Wray.

The bride given in marriage by her father wore a ballerina length gown of net over tulle. Her headpiece was a crown trimmed with pearls holding her shoulder-length veil. Her bouquet was of white chrysanthemums.

Mrs. Marilyn Baker was matron of honor and wore a gown of shrimp tulle with a white headpiece and a corsage of pink chrysanthemums.

William Baker, of Bangor RD 3 was best man and Mrs. Harry Wray was organist.

After a reception at the Richmond Hotel, Mr. and Mrs. Austin left for a wedding trip. The bridegroom is employed by J. H. Beers, Inc.

DECOROUS DORMITORIES

The bedspreads and draperies that go back to school with your daughter can influence her mood and improve her grades. There are so many wonderful fabrics that are practical; they wash beautifully, need no ironing yet come in fashion wise colors. With a scattering of little pillows in the right color combination, even nondescript walls and furniture will come to life and bring beauty and peace to the dorm.

Bring life and beauty to your kitchen, bathroom and playroom with Wilson's De-luxe plastic wall tile. The luxury of Wilson tile is within the reach of the small home owner and builder. It's your assurance of permanent, trouble free wall beauty. For full particulars we invite you to call at the General Flooring Co., Inc., 727 Bank Alley, Stroudsburg. Phone 508-J.

The Roth Creative Dance Theatre

... offers, through the medium of the dance, training in poise, rhythm, posture, breathing, stage presence, and above all, health. Students learn self expression through creative dance movement, preparing them for study of the voice, drama, and musical instruments. Advanced students are given an opportunity to rise to professional level.

CHILDREN'S CLASSES are adaptable to the age level and individual needs and capacities. (Ages 3½ thru 16) ADULT CLASSES emphasize body rehabilitation and weight control through dance therapy.

—CLASSES BEGIN SEPTEMBER 25th—

Mrs. Butler Named To CAS Board

Mrs. Horace Butler was unanimously elected as a member of the board of directors of the Children's Aid Society of Monroe County at their opening meeting held yesterday at the Penn-Stroud Hotel.

A report of the summer activities of the wards of the society was given by Mrs. Charles Albert. During the summer, three children were discharged, and two were taken into care. Four of the children attended camp during the summer.

The need for foster homes is a continuing problem, Mrs. Albert reported. Reports of individual children showed progress in many cases.

Mrs. Jesse Flory, president, presided at the meeting and announced the annual meeting of the Children's Aid Society of Pennsylvania to be held in Philadelphia this coming Friday at noon. Other officers of the society include: Mrs. Donald Gilpin, first vice president; Detlef Hansen, second vice president; Dr. LeRoy Koehler, treasurer; Mrs. Helen Calkins, corresponding secretary; and Miss Elizabeth Martin, recording secretary.

Next time you prepare poppyseed noodles try adding a little grated lemon rind, too. Serve with veal.

Dora Gottlieb is her name and she's small, pert, vivacious and as utterly charming as the adorable nightgown displayed under her label in our Wyckoff showcases. I've never met her, but was an avid listener yesterday when Cora Albertson enthused about her. The lady has a sense of humor too... a flair for cute names. Her "nynke" gowns are fashionable shorties, and for some delightful reason that evades me, a very brief pair of briefs with matching gown is known as the "Choir Boy" set. I'm quite positive I've never seen a choir boy dressed in this manner... but the matter is worthy of question, which is what a smart merchandiser dreams his customers will ask.

Miss Gottlieb has turned to rayon challis as the perfect fabric for her whimsical new line, which is prettily splashed with flowers, or dotted with tiny butterflies. Challis is cuddly and soft... easy to launder... devastatingly feminine. When it's chilly, choose challis, and no shilly-shallying about it! Whatever else could you find representing such beauty and comfort at such a price!

For \$10.98 one can have a "Waltz Set," consisting of a waist length gown and matching duster. There are also long Mother Hubbards at \$5.98. The Choir Boy sets, as mentioned above, consist of very brief briefs and gown. Then there are pajamas at \$5.98 and \$6.98. Sizes run from 32 to 40 in some styles, and Small, Medium and Large in others.

There was a time when night gowns were made purely for comfort in a dark room. But now they are in the spotlight... as important a part of the feminine wardrobe as a dress. That's how it should be, and Dora Gottlieb is out to prove it. Her night wear is prettier than a day dream... and what could be easier?

"Somebody told me"—might well be the theme song of our gift department right now, for a new shipment of handpainted Nashco ware has just arrived. There are the watering cans you've been asking for, with the extra-long spouts. There are silent blenders, packages of small trays, large trays and planters. The planters are large enough to hold several small potted plants, or may be used as miniature gardens for actual planting. These are particularly nice, for they stand on tiny feet that protect your table surface or window sill from moisture. There are four colors—dull green, black, cream and red. Tole reminds me of "toil"—and moves me to say that this lovely handpainted ware can bridge the difference between drabness and beauty in the home. "My mamma done tole me"...

And now, add to the "Let's Do It Together" shelf of your home, the glamorous candle. I must take one home some evening, for the children would love to assist in creating a thing of beauty from ordinary white wax. The basic candle comes in several shapes—snowball, tree, or pillar, and is priced, according to size at 20¢ or 80¢. For an additional 25¢ you buy a packet of sequins and, according to the directions, create any design you wish simply by sticking pins through the glitter into the wax, or, if you prefer, lacquering a tiny section with colorless nail polish and gluing it on. Decorating these candles would be an easy, pleasant way of drawing the children into family and Christmas celebrations. "Candlelight, candle bright—making you was sheer delight!"

Crim Credited With Victory Number 20

NEW YORK, Sept. 21 (AP)—Bob Crim became the New York Yankees' first 20-game winning rookie since Russ Ford in 1910 as he held Washington to four hits today for a 3-1 victory. Pete Rynn's wild throw let the Yanks break a tie in the eighth inning. Only 1,912 fans, an all time low for Yankee Stadium, watched the game.

Tied at 1-1 going into the last of the eighth, the Yanks had two out before Gil McDougald walked.

Mickey Mantle followed with a single and "Yogi" Berra grounded to Rynn's left. Mantle made a good stop but threw high to second base, pulling Jerry Snyder off the bag. McDougald scored from second on the play.

Bill Skowron's single to left drove home Mantle to make it 3-1.

Washington scored first in the fifth on walks to Jim Lemon and Snyder and Wayne Terwilliger's single. The Yanks tied the score in the sixth on a walk to "Hank" Bauer. Snyder's wild throw trying for a double play and Mantle's single.

Steele, who played in both the Pocono Mountains and Blue Mountain Leagues while making his mark in baseball in this area, opened the season with a win and then lost his next six appearances. Including playoff contests Ray now has a record of 12 wins and 10 defeats. This means that since the middle of July, Ray has won 11 and lost only four contests. Steele credits the development of a slider and vastly improved control with his recent successes.

According to a story carried in a Montreal newspaper recently, Steele was supposed to finish the current campaign with the parent A's, but due to the Provincial League playoffs plans had to be changed and the lanky right hander will complete the campaign in Canada. Ray includes four shutouts in the list of games won and has 13 walked over five batters in any single game since the middle of July. Drummondville is managed by "Hank" Blasiotti, first baseman who had a brief fling with the A's several years back.

Karl Weingartner, former football, basketball and baseball star for Stroudsburg High School, is currently playing first string quarterback for York Union Military Academy, which won its opening game by a 6-0 count. Karl didn't score the touchdown, but played almost the entire game and ripped off runs of 25 and 10 yards. Weingartner beat out six other candidates for the number one quarterback position. Karl will visit his home during the coming weekend and probably will be on hand to see Stroudsburg and Emmaus play on the latter's home field Friday night.

Dick Campeotto, tackle for Stroudsburg High for the past three campaigns, has won the starting center berth at Rutens State Teachers College. Dick reportedly lost 15 pounds during the training session. Campeotto will be in action on the Normal Hill field later in the season when Rutens tangles with East Stroudsburg State Teachers College. It was brought to this scribe's attention yesterday that Leighton gained only 14 yards through the Stroudsburg line last Friday, not counting the opening 67-yard punt by Lamar Semmel.

Stalington High's football team has had three different systems in as many seasons. Emmaus and Palmerton scouts were on hand to watch Leighton and Stroudsburg Friday night, while Northampton and Leighton were represented at the Stalington-East Stroudsburg contest Saturday afternoon. Reports from coaches who saw Bangor play Palmerton last Saturday reveal that the Stalingtons have a powerhouse this season and certainly form one of the best Lehigh-Northampton League football squads.

The two-day postponement of the recent "Rocky" Marciano-Emmanuel fight at Yankee Stadium made tickets for the heavy-weight title scrap plentiful in this area Thursday night and Friday morning. A host of local individuals were trying to unload tickets at the last moment when they discovered that they would be unable to attend the bout Friday night. Conclences are in order today for Clinton Getz, president of the Pocono Mountains Baseball League. Getz's sister was buried yesterday.

Stroudsburg has won 18 of 39 football games played with Leighton, while the Indians own 10 favorable nods and a pair of meetings have resulted in ties. Stroudsburg has now scored a total of 425 points in the series, while Leighton has registered 215. The Mountaineers' most one-sided victory was a 36-19 count in 1951, while Leighton's biggest spread was a 28-12 count in 1937. Charley Gernert, who coached Leighton Friday night, lost a 9-7 decision to the Mountaineers while head coach in 1938.

Leighton's last victory over Stroudsburg came in 1948 when the Indians scored a 6-0 decision. The Mountaineers are currently coasting along on a six-game winning streak against Leighton. Has the deal already been completed that will move the Philadelphia A's to Kansas City?

Steele, who played in both the Pocono Mountains and Blue Mountain Leagues while making his mark in baseball in this area, opened the season with a win and then lost his next six appearances. Including playoff contests Ray now has a record of 12 wins and 10 defeats. This means that since the middle of July, Ray has won 11 and lost only four contests. Steele credits the development of a slider and vastly improved control with his recent successes.

According to a story carried in a Montreal newspaper recently, Steele was supposed to finish the current campaign with the parent A's, but due to the Provincial League playoffs plans had to be changed and the lanky right hander will complete the campaign in Canada. Ray includes four shutouts in the list of games won and has 13 walked over five batters in any single game since the middle of July. Drummondville is managed by "Hank" Blasiotti, first baseman who had a brief fling with the A's several years back.

Karl Weingartner, former football, basketball and baseball star for Stroudsburg High School, is currently playing first string quarterback for York Union Military Academy, which won its opening game by a 6-0 count. Karl didn't score the touchdown, but played almost the entire game and ripped off runs of 25 and 10 yards. Weingartner beat out six other candidates for the number one quarterback position. Karl will visit his home during the coming weekend and probably will be on hand to see Stroudsburg and Emmaus play on the latter's home field Friday night.

Dick Campeotto, tackle for Stroudsburg High for the past three campaigns, has won the starting center berth at Rutens State Teachers College. Dick reportedly lost 15 pounds during the training session. Campeotto will be in action on the Normal Hill field later in the season when Rutens tangles with East Stroudsburg State Teachers College. It was brought to this scribe's attention yesterday that Leighton gained only 14 yards through the Stroudsburg line last Friday, not counting the opening 67-yard punt by Lamar Semmel.

HONORED—Dick Miller, left, and M. N. Warner, right, were honored by the Pocono Mountains Baseball League on Monday night by being named the most popular manager and most deserving circuit official respectively. Action was taken during a regular monthly meeting. (Staff Photo by Riley)

Ithaca Rounding Into Shape For Opening Tilt With ESSTC

ITHACA—With 10 days of rugged twice-a-day workouts behind it, the Ithaca College grid squad will have one practice a day starting this week in preparation for the opener with East Stroudsburg here at 2 p.m. Saturday, Oct. 2.

The Ithaca Bombers had a practice session with Hobart at Geneva last Saturday.

Some 45 boys, including freshmen, have been drilling under the tutelage of Coach Joe Hamilton and his aides, Arnold Wilhelm, Carlton "Carp" Wood, and Herb Broadwell.

Coach Hamilton will use some of the most promising fresh to plug gaps, especially in the backfield, where his losses were heavy due to graduation of seniors and calls into Army service.

Two sophomore veterans, Stan Weiner of Brooklyn and Tom Carroll of Fulton, are the best performers among the end candidates with another sophomore, Jack Wintermute of Ithaca, a likely sub. Ed Stohrer, a junior from South Wales, and Mel Cohen, a sophomore from the Bronx, are at the tackles. Two senior lettermen from Ithaca, John DeKay and Walt Hankinson, are holding down the guard berths. Gerald Kniffen of Unadilla appears to have the center slot well in hand.

In the backfield the most experienced candidates are Dan Dudek of Brattleboro, Vt., and John Flor of Haverstraw, Edmond Lux of Albany, back on the squad for the first time since 1950 because of military service, is going strong at right half. Bill Lee of Fanwood, N. J., and Denis Horn, senior from Brooklyn, are battling for the left half position. Len Dworsky, of Ithaca, who has been in Army uniform since winning a letter in his freshman year in 1951, and Don Winters, Bronx sophomore, are the experienced fullback potentialities.

John B. Kelly, president of the Atlantic City Racing Association, extended the invitations last Saturday to the eight owners and trainers represented by thoroughbred in the mile and three-sixteenths grass course race. Mrs. Adams is represented by Impulsive and Blood Test will carry the Elmendorf silks.

Redlegs Blank Braves Behind Nuxhall, 5-0

MILWAUKEE, Sept. 21 (AP)—Joe Nuxhall fired a six-hitter at the Redlegs, blanking Milwaukee Braves today as Cincinnati posted a 5-0 victory before 10,001 fans.

The Redlegs jumped on Chet Nichols for three runs on one hit in the third inning. Andy Seminick walked and, when Nuxhall sacrificed, Nichols threw high to second on the force and both runners were safe. Bobby Adams then batted a triple to right for two runs and scored himself on Roy McMillan's sacrifice fly.

Bobby Buhl was nipped for the fourth run when Johnny Logan dropped Nuxhall's easy pop fly to open the eighth. Adams forced Nuxhall, but McMillan sacrificed and Gus Bell drove in his 100th run of the year with a single to center.

Johnny Temple's double to center with Bob Borkowski aboard wrapped it up off Joe Jay in the ninth.

ADVICE—A group of East Stroudsburg State Teachers College football backs are shown above listening to some advice from head coach Gene Martin prior to yesterday's practice. The group, in a clockwise fashion, consists of Warren Hoefner, Dick Merkle, Whitehall; Matt Casciano, Bangor; Charley Shaw, Guido DiTorre and Don Corman.

National Professional Football League Boss Blasts Activities Of Big Ten Conference

By RALPH BERNSTEIN

PHILADELPHIA, Sept. 21 (AP)—Commissioner Bert Bell of the National Football League today blasted Big Ten athletic officials and others as "isolationists and selfish men" intent on severing years of harmonious relations between college and professional football.

Bell said Kenneth "Tug" Wilson, Big Ten commissioner; Theodore B. Payne, Northwestern University athletic director; Tom Hamilton, Pittsburgh athletic director and Fritz Crisler, head of athletics at Michigan, are the ring leaders in an attempt to cause a rift between college athletics and professional sports.

"They're not kidding us. We know that the real reason for their sudden attack on pro football is our elaborate nationwide television program. They're sore because we televise on Saturday nights."

"Well, we're going to televise on Saturday night and Sunday afternoon. We went through all that alone for eight weeks in federal court at a great expense. We won and we're going to give the public all the television we can," Bell said.

The portly commissioner said Wilson, Payne, Hamilton, Crisler and the rest are afraid to allow unlimited television in college football "because they figure Notre Dame would sell their games coast-to-coast year in and year out, freezing the rest of them out of the picture."

"These selfish men have banded together to keep Notre Dame in the same boat with them. They hide behind that 'protect the small college' stuff, but you don't notice them scheduling small colleges to help out, do you?"

The NFL commissioner said:

Wilson and his Big Ten colleagues recommended that colleges bar pro scouts and officials from press boxes; refuse to hire coaches from the pros until one year after their pro affiliation had expired; bar mention of professionals on college radio and TV programs, bar radio and TV commentators who broadcast pro games from broadcasting college contests, ban all-star games against pros, prevent college registrars from giving eligibility information to the pros, do away with the Senior Bowl game, refuse to loan college football films to the pros.

Wilson asserted his Conference had no grievance with the NFL as contended by Bell.

Wilson said a "bill of particulars" listed by Bell in his charge against Big Ten officials and Athletic Director Tom Hamilton of Pittsburgh was "not factual."

"We are trying to build college athletics for its own identity," said Wilson, "and I have previously told Mr. Bell I was willing to talk over the matter."

While Jensen was raising his RBI total to 115, Billy Goodman went on a batting spree for the Sox—gathering seven hits including three doubles during the long afternoon which finished under the lights.

Steelers Lose Defensive Back
PITTSBURGH, Sept. 21 (AP)—Defensive back Art DeCarlo of the Pittsburgh Steelers received notice today that he will be inducted into the armed forces sometime this week.

The loss of DeCarlo, whom the Steelers got last year in a trade that sent Jerry Shipkey to the Chicago Bears, will reduce the Steelers' roster to 24. They must have one more player from the squad before Friday in order to meet the National Football League limit of 33 players.

DeCarlo is the 14th Steeler to be inducted into the armed forces in the past year and a half.

ESSTC Ready For Millersville Contest

Three Warriors On Present Injured List

EAST Stroudsburg State Teachers College will hold its final hard workout prior to Saturday's opening football game with Millersville State Teachers College today. The remainder of the week will be spent in light drills, used to brush up on defensive and offensive alignments.

Gene Martin, veteran head coach of the Warriors, announced last night that the ESSTC squad would go through a rough scrimmage today and then taper off with light drills tomorrow and Friday.

The Warriors worked lightly Monday and again yesterday after being driven hard by the coaching staff last week.

Martin revealed last night that three injuries have him concerned at the present time.

Don Toth, veteran back from Pen Argyl on whom Martin has been banking heavily for this season, suffered a wrenched knee in last Saturday's scrimmage and is a doubtful performer against Millersville on Saturday.

Jim Oplinger, former Northampton High star, who will divide his time between quarterback and tailback this season, came up with a twisted ankle recently but is expected to be ready to open the season as per schedule.

John Gibbons, fullback, is also a doubtful performer on Saturday due to an injured knee.

Otherwise Martin reports his troops in good mental and physical condition and anxious to launch an eight-game schedule that lists three contests at home and five on the road.

The ESSTC head coach last night revealed Saturday's starting lineup for the first time, although it is quite possible a change or two may be made just before the opening whistle.

Coach George Ockershausen's forward wall will find Lew Judy at left end; John Andrews, left tackle; Ken Cox, left guard; Warren Davis, center; Jim Revello, right guard; Carmen Martucci, former Lehigh High star, right tackle, and Wilmont Smith, right end.

Martin's backfield will feature Warren Hoefner at quarterback; Dick Merrin, former East Stroudsburg High star, left halfback; Charley Shaw, right halfback, and Dennis Roth, place kicking specialist, fullback.

Bangor's Matt Casciano, Whitehall's Dick Merkle, Guido DiTorre and Don Gorman, transfer from Muhlenberg, are almost certain to see action in the backfield.

The Warriors are scheduled to leave Normal Hill at 7:30 a. m. and return from Millersville on Saturday night.

Injuries Mark Filly Stake

DELAWARE, Ohio, Sept. 21 (AP)—Five drivers were unseated but all escaped serious injury in a spectacular accident which marred the featured \$8,000 Breeders' Filly Stake for 3-year-old trotters on the Delaware Fair Grand Circuit harness racing card today.

Two of the drivers, Johnny Simpson and Joe O'Brien, were treated at a hospital here, but their injuries were described as "not serious."

The race went to Stenographer, owned by Max Hempf of Camp Hill, Pa., and driven by Del Miller.

The accident occurred when Myrtle Sue, driven by Don Taylor, stepped into the wheel of the filly pulled by Doe Hanover, with Simpson driving. Shortly after the field reached the quarter mile mark in the second heat, Simpson, from Hanover, Pa., was thrown over the fence as his filly went down.

White Sox Take Advantage Of Five Errors To Halt Cleveland's Eleven-Game Win Streak, 9-7

CLEVELAND, Sept. 21 (AP)—The Chicago White Sox, scoring three of their runs on a wild pick-off throw, a wild pitch and a passed ball, beat the Cleveland Indians 9-7 tonight and snapped an 11-game Tribe winning string for the second time this season.

The Indians made five costly errors in chilly, win-whipped Municipal Stadium in missing their 11th victory and a tie with the 1927 New York Yankees as the American League's biggest all-time winners. But Cleveland has four games in which to tie or exceed the record.

Chicago now holds an 11-10 edge in games on the pennant-winning Indians who must win tomorrow's rubber game of the current series to gain an even break with the White Sox for the season. The Tribe's 11-game winning string that ended tonight tied its previous longest string of 11 which the White Sox cut off in Chicago May 25.

Bus Ham, sports editor of the Washington Post and Times-Herald, which is sponsoring the tournament, said today that Furgol's decision to play was "one of the finest gestures by a golfer I have ever seen."

To be eligible for the tournament, a golfer must participate in at least five of eight earlier tournaments, whose sponsors each are putting up \$2,000 for the "world series" payoff.

Furgol did not play in enough tournaments, but was invited to participate anyway in the competition, whose proceeds go to underprivileged youngsters.

Ham said Furgol wired back: "I'll be there. I used to be a poor kid myself."

The Open champ will compete in the celebrities division of the tournament, which will be for 36 holes Saturday and Sunday, the final two days of the tournament. The winner gets no money.

Perez Wins Decision
HAZLETON, Sept. 21 (AP)—Lulu Perez, world's fifth-ranked featherweight, stepped up in the lightweight class successfully tonight when he came from behind in the closing rounds to gain a unanimous 10-round decision over Jerry Drouin, 134, of Montreal.

BALTIMORE, Sept. 21 (AP)—Bqg Turley, the American League strikeout leader, starred on the mound and at bat as he led Baltimore to a 4-3 victory over the Detroit Tigers tonight to clinch seventh place for the Orioles.

A's Reportedly On Way To Kansas City

CHICAGO, Sept. 21 (AP)—Strong reports circulated tonight that the Philadelphia Athletics might be sold to Arnold Johnson, Chicago real estate man.

One report said the club may be sold to Johnson within the next 24 hours.

Johnson declined to comment on the rapidity of any sale, adding that "the offer I have made to representatives of the Athletics still stands."

He said any deal with the eastern club hinges on his desire to move the franchise to Kansas City, currently in the American Association.

Officials of the American League whose club owners must decide whether to permit the sale and movement to Kansas City, could not be reached for comment.

In Kansas City, sources close to the reported negotiations said the sale is almost certain to go through.

But in Philadelphia, it was said that negotiations are still in the preliminary stage with a multitude of technical details still to be worked out.

Johnson declined to reveal how much money he had offered the A's owners for the club during talks several weeks ago.

State To Open Against Illinois

STATE COLLEGE, Sept. 19 — Penn State will kick off the lid on its 68th consecutive season of intercollegiate football Saturday when it faces power-packed Illinois at Champaign.

For Lion coach "Rip" Engle, the 1954 season will mark five years at the helm. Engle's 1953 eleven won six and lost three and his four-year record shows 23 wins, 12 defeats, two ties.

Early Merger Of AFL, CIO Is Indicated

By NORMAN WALKER

LOS ANGELES, Sept. 21 (AP)—A new era of good feeling between the AFL and CIO developed today at the AFL's annual convention with indications the nation's two big labor groups plan an early merger.

The CIO sent a warm message of "fraternal best wishes" to the AFL sessions—the first time the CIO has extended such an expression of friendship since its unions broke away from the AFL nearly two decades ago.

In his message CIO President Walter Reuther said that the no-raiding agreement recently signed by the AFL and CIO marks "a heartening trend toward elimination of friction within the labor movement."

AFL President George Meany promised his group would meet soon with Reuther and CIO leaders with every hope of negotiating a quick merger.

"I don't think the subject should be talked or 'conferenced' to death," Meany said. "It is quite open and shut as to what we have got to do, and I think we should get to it as soon as possible after this convention."

"We need real unity in the labor movement. We have many problems that we could face in a better way if we had unity."

On the eve of a new congressional investigation opening here tomorrow into union handling of rich welfare funds, Dave Beck, president of the AFL Teamsters' Union, issued a statement saying employers as well as union share responsibility for safeguarding such funds.

A number of California teamsters union officials were reportedly under subpoena to appear at tomorrow's hearings in the federal building before a special house subcommittee headed by Rep. Samuel McConnell (R-Pa.).

Prior congressional probes have turned up irregularities in handling and investing welfare funds. There has been testimony that union officers, many in the Teamsters Union, have profited handsomely. A new Senate investigation also is to start soon.

At the convention, Meany answered Secretary of Labor Mitchell's speech yesterday accusing the AFL of unfair and unyielding criticism of the Eisenhower administration. Meany said the AFL has given praise for real accomplishment such as adoption of Social Security improvements this year, but reserved the right to criticize when it felt it was justified.

Physicals Postponed For Two Grades

HARRISBURG, Sept. 21 (AP)—Dr. Russell E. Teague, state health secretary, said today physical examinations for Pennsylvania school children in the fifth and ninth grades have been postponed temporarily.

"The children will be given their biennial examinations after we have completed the exams of those in the first, third, seventh and eleventh grades," Teague said.

The students normally are given examinations every two years from first grade on through high school.

Teague said there was no particular reason for postponing the fifth and ninth grade students' examinations, except that they already have had at least two exams and the department preferred to proceed with the others first.

"There is no order established by law for this procedure," he said. "The various grades can be taken in any order."

MR. AND MRS. Otto Degan, of Canadensis, were recent visitors at the home of Mrs. John K. Connors.

Wilson Lee celebrated his birthday on Sept. 20. Mr. Lee was a carpenter at the Stroudsburg Engine works for many years and is now retired, spending much time at his hobbies of gardening and raising poultry. On June 16 of this year, he and Mrs. Lee celebrated their golden wedding anniversary.

A/C Alden Fetherman, son of Mr. and Mrs. Norman Marsh, is now stationed at Malden Air Force Base, Malden, Missouri. Mr. and Mrs. Marsh and other members of the family received a phone call from him on Sunday night.

Mrs. William Fetherman, Mrs. Clara Nelson and Mrs. Gwen Veety attended the Girl Scout Leaders meeting in Stroudsburg on Thursday night to learn about the possibility of organizing a Brownie troop in Hamilton township. Arrangements were made to have speakers from the Scout House present at the September Parent Teachers Association meeting at the Hamilton Elementary School, Scioto, to tell of the origin and aims of Scouting.

Mrs. Elizabeth Crimmins, of Larchmont, N. Y., and Mrs. John McKay, of Bronxville, N. Y., recently returned home after spending a week as the guests of Mrs. John K. Connors.

RESORT DOLLARS—3800 OF 'EM! In an effort to illustrate the contributions of the resort industry to local business, Charles Geissinger, operator of High Point and Monomnock Inns, this week paid his weekly payroll in silver dollars. Idea behind the experiment, Geissinger said, is to trace the contributions of the resort payroll to merchants and other businesses in the area. In photo above, David Hallock, controller for the two inns, sits at table where one bag of silver dollars has just been emptied. Officer William Post, Mount Pocono police, keeps an eye on the remaining two bags.

(Staff Photo by Randolph)

Resort Owner Pays Off In Silver Dollars In Move To Illustrate Industry's Value

area and you begin getting a lot of silver dollars in payment for goods this week—don't be surprised.

You and other businessmen like you will be helping a Pocono Mountains resort hotel owner prove a point.

The hotelman is Charles Geissinger, who runs both Monomnock and High Point Inns—the former at Mountaintop; the latter at Mount Pocono. Geissinger, and the Pocono Vacationlands Association, have been looking for a way to illustrate just exactly how much resort payrolls add to local income.

This week, Geissinger decided he had hit upon the right approach. Instead of making out his payroll for the hotel in the

regular manner, he asked the Federal Reserve Bank in Philadelphia to send up enough silver dollars to cover it.

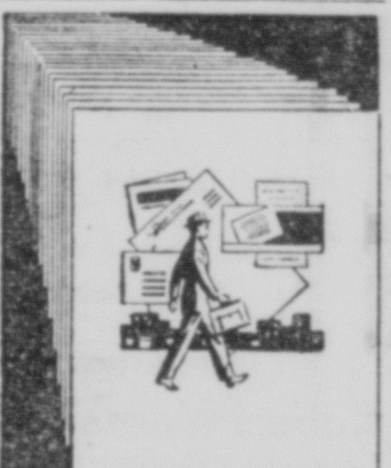

The silver dollars—\$3,800 of them—arrived at the First Stroudsburg National Bank and were picked up there Monday by

IF YOU RUN A business in this a member of Geissinger's staff. This week when employees were paid they got their "checks" in the form of silver dollars.

As Geissinger figures, each time one of his employees buys any commodity in the Monroe County area this week the employee will be helping to illustrate to the businessmen the extent of the industry's contribution to local prosperity.

So if you've got a stockpile of

thick silver discs in your cash register, count 'em up—they're resort dollars.

Deed Dated 1906 Filed At Courthouse

A 48-YEAR-OLD deed was filed yesterday at the office of Floyd Butz, county register and recorder.

The deed was recorded in conjunction with the recent sale of two lots in Chestnut Hill Township.

The original deed was dated March 9, 1906. It recorded the sale of two-thirds part interest in two Chestnut Hill tracts which totalled approximately 123 acres.

The property was sold by two couples—Mr. and Mrs. Joseph Lauffer, Chestnut Hill, and Mr. and Mrs. Eugene Dorshimer, Hamilton Township—to Ambrose Green, amoyer, Chestnut Hill.

It had formerly been known as the Henry Kintz tract. Kintz had acquired ownership rights on Jan. 9, 1857, the deed said.

The newest transfer involved sale of the two lots by a group of heirs to the joint ownership of Mr. and Mrs. George M. Greenmoyer, Chestnut Hill.

Waring Band Plans Tour Of 25,000 Miles

FRED WARING and the Pennsylvanians are preparing for their longest personal appearance tour which will this season take them 25,000 miles on a seven-months trip to nearly 200 communities.

The touring season is divided into two parts, the fall section beginning Oct. 12 in Allentown, and including performances in Pennsylvania, New York, New Jersey, Ohio, Indiana, Illinois, Wisconsin, Missouri, Kansas, Nebraska, South Dakota, Iowa, and Michigan. They'll return to New York in time for their Christmas television show on CBS-TV.

The winter season starts in the South on Jan. 3, continuing through Texas and other Southwestern states to the Pacific Coast and the Pacific Northwest. They'll return to New York about May 15.

During the extended tour, which is being handled by Paramount Attractions, Inc., Chicago, Waring will originate three of his General Electric-CBS-TV programs while

Harvey W. Paul Funeral Held
